# Ground Is Broken For Emporium

A ground breaking ceremony —conducted mostly in mud— marked the start of construction for the Emporium department store in San Rafael's Northgate Regional Shopping Center today.

Frederic S. Hirschler, president of the Emporium Capwell Co., and other company officials were joined by representatives of the Draper Companies and civic leaders, wading through sticky ooze at the Northgate building site, to participate in the program, following a breakfast at Dominic's in San Rafael.

Hirschler told the group: "We have now joined your team and expect to bring in a great deal of revenue to the City of San Rafael. Customer convenience will be the keynote in our new building. Merchandise selections suited to Marin needs, spacious isles, recessed lighting, air conditioning and modern escalators are included in our plans."

Adding a historical touch to the ceremonies was the appearance of James H. Neal of Greenbrae, who was advertising manager of the Emporium in 1906 following the San Francisco earthquake and fire when the store was moved to Van Ness Avenue and Post Street.

Neal, 85 and now retired, likened the importance of the ground breaking to the spinning of the first wire for the Golden Gate Bridge. "For more than 50 years I have watched Marin County grow," he said, "and you can now rejoice that the Emporium will be here to serve you."

The Emporium building will have a total area of 208,000 square feet, of which 126,000 square feet will be devoted to selling. Sales areas will be devoted to the first and second floors of the building. A small third floor will house reserve stocks, display and maintenance departments, mechanical equipment and an engine room. The building is designed for the third floor to be enlarged later, giving an additional 62,000 square feet.

The building will be a reinforced concrete structure, with the exterior finished in colored split brick with glass and ceramic tile areas for contrast. Interior wood finishes will be walnut and teak in several tones. Acoustical ceilings will have flourescent and incandescent recessed lighting. Floors are to be covered with resilient tile and carpeting.

Hirschler said the total staff of the Emporium will be between 300 and 400, with an annual payroll in excess of $1,300,000. Aside from a few executives, the staff will be made up of Marin County residents and hiring will start in the spring of 1964. Opening of the store is now scheduled for mid-1964.

GROUNDBREAKING MUDDY — Frederick S. Hirschler, president of the Emporium Capwell Co., led the groundbreaking "team" in ceremonies at the Northgate Shopping Center today by lifting the first shovelful of earth. Wilhelm of Kentfield, general manager of the Emporium; Daniel C. Davis, president of the Marin Development Assn., and James H. Neal of Greenbrae, Emporium advertising manager in 1906. ## SLOW START TO VOTING IN COUNTY

The county superintendent of schools' office will offer election returns by telephone tonight on 16 school board elections that got off to a slow start in this morning's balloting.

Rudolph S. Kupfer, assistant superintendent, announced the county schools office will have a crew on duty shortly after polls close at 7 p.m. It will receive results on all trustee races and on tax rate proposals in Tamalpais High School and Tomales Bay Elementary School districts.

Kupfer cautioned that few returns can be expected before 9 p.m. He said trunk lines into the Civic Center (479-1100) will be connected to the school's office.

Radio KTIM-FM will broadcast election returns as they are received, with a special roundup beginning at 9:30 p.m. voiced by news editor Karl Barron. The station will interrupt its regular program for returns.

KTIM will include returns on bond elections in Dixie and Kentfield school districts. These will not be obtainable from the county schools office.

KTIM's daytime AM station (1510 kilocycles) goes off the air at sundown, so the returns will be on the FM station.

Early returns indicated opening polls at 7 a.m. to be of little advantage.

At West Marin School, where the polls did not open until 10 a.m., 45 of 400 registered voters had cast ballots by 11:45. This was a better turnout, percentagewise, than at most other polling places covered in a noontime spot check.

At two Fairfax schools—Central and Manor—the morning turnout was about 6 per cent. At Ross School, it was about 8 per cent; at three San Anselmo schools, about 5 per cent.

Two Sausalito polling places reported about 8 per cent casting ballots this morning. Slightly over 10 per cent was reported at one Mill Valley polling

# E Street School Offer: $200,900

A San Rafael attorney, representing an undisclosed bidder, offered $200,900 for two parcels of E Street School land at a property auction held by the San Rafael Board of Education last night.

Attorney Byran R. McaCrthy's offer was the only one made. There was no bid on the large block of land where the school building stands and on which the title is clouded.

Supt. Bert C. Corona said the McCarthy bid would probably be accepted in a special meeting of the board at 6 p.m. Thursday, and that bids will be opened at the regular meeting next Tuesday on construction of Glenwood School.

Corona said many more bidders had been expected. But when the board met, it had only one written bid.

This was McCarthy's offer of $72,800 for the 149-by-90-foot parcel at the corner of Fourth and E streets. The board had earlier set a minimum value of $72,000 on the land.

When this was opened and it appeared to be the only bid of the evening, McCarthy gave an oral bid of $128,000 on the 147-by-150-foot parcel at Fourth and Shaver streets, adjacent to and west of the first parcel. The board's minimum value here was $122,000.

With these two parcels and the two unsold pieces to the south, the board estimated a total minimum sale price of $450,000. Construction of Glenwood school is expected to cost $365,000.

The school board still has a legal problem with a cloud on the title of the central portion of the E Street site. The board hoped to sell this under assignment of title that would give the new buyer the job of clearing the title.

The board also still holds a rectangular piece of land south of the proposed extension of Third Street.

The 13-classroom school, will be completed early next year if Tuesday's bidding goes ahead as scheduled.

McCarthy said today that he will announce the name of his client only after his bid on the property is accepted.

# Ghettos For Bay Area

BERKELEY (UPI)—The Bay Area's "core" cities threaten to become largely ghettos for the old, the poor and the nonwhite, Professor Catherine Bauer Wurster of the University of California warned today.

At the same time, Dr. Wurster says that one-class suburbs bereft of traditional urban qualities may engulf several thousand square miles of countryside as the population of the bay region's nine counties doubles between now and 1980.

Her solution: Development of "relatively large, compact and diversified cities, whether entirely new or based on existing communities on the metropolitan outer fringe."

Mrs. Wurster's forecasts and proposals were set forth in a study, "Housing and the Future of Cities in the San Francisco Bay Area," published today by the university's institue of govenmental studies as the first in a projected 15-part series on bay region problems and prospects. The studies are being financed by the Franklin K. Lane Memorial Foundation.

She said that the outlook for employment opportunities in the next 20 years in the Bay Area is reversed from the housing projects: Industrial and retail jobs will multiply in the suburbs while the core areas tend to specialize further in business and professional work.

Homes and jobs thus will be separated in both directions. The growing clash between housing and job patterns, she said, will greatly increase personal and public transportation burdens and accentuate racial discrimination in unemployment.

She warned that this pattern of growth, projected from trends of the past decade, will destroy the natural and manmade diversity that has made the Bay Area a "unique" place to live in.

In recommending creation of more compact and diversified cities, she explained that "the guiding purpose" of the new towns would be to "maximize individual choice: in housing and jobs, in public and private

## Fire Outside City Is A Burning Issue

Suspension of Fire Chief Frank L. Nelson for 10 days without pay was urged by Corte Madera Town Mgr. Arthur H. Brandow last night because Nelson had 18 volunteer firemen put out a restaurant fire in county territory on March 31.

Brandow said the Corte Madera firemen should only have made sure all persons had left the restaurant, and then the building should have "been allowed to burn."

Mayor Edward W. Colthurst referred the recommendation to the fire committee: Councilmen Charles F. Pendleton and Albert E. Kogler.

Brandow said Nelson reported the flue fire at Marin Joe's alongside Highway 101 was reported by Policeman Charles Rester to the county communications center for relay to county firemen. Meanwhile, someone in the California Highway Patrol office reported the fire to the Corte Madera Fire Station and the volunteers responded with all four trucks.

## Sunshine Follows Rain —Well, Nearly Always

Just remember that sunshine nearly always, or usually, or allegedly, or very often follows the rain.

Marin residents have seen rain for 10 days in the first 16 days of April. The month has already broken a five-year April rainfall record and it is just half over.

Another .4 of an inch fell in San Rafael in the 24-hour period ending at noon today, giving the city 2.03 inches since Friday and a total of 44.61 for the season. Average total annual rainfall is 36.39 inches.

Harry F. Stephenson, assistant cashier at the San Rafael Branch of Crocker-Anglo National Bank, today pulled out records that date back to 1875 and found few Aprils wetter than this one.

So far this month, San Rafael has received 4.29 inches. In April, 1958, there were 8.3 inches.

However, it would take a big storm to beat the record 14.15 inches that fell in April of 1880. Other April highs were 11.18 in 1884 and 6.98 in 1948.

The Weather Bureau predicted fair skies tomorrow. However, dark clouds today and a generally soggy outlook made Marinites eye the prediction skeptically.

Rainfall readings for the 24 hours up to 8 a.m. today include Woodacre, .29; San Anselmo, .20; Fairfax, .16; Point Reyes Station, .11.

## 'Over Hill' Councilman Is Sought

An attempt to find someone "north of the ridge" to replace David Menary Jr. on the San Rafael City Council was suggested last night by Mayor John F. McInnis.

Noting that portions of the Gallinas Valley have been within the city almost three years —just short of the charter requirement for residence of a councilman—McInnis suggested some suitable candidate might be found who would meet the residence requirement by virtue of having moved "over the hill" from an older part of the city.

His suggestion came after a petition bearing 426 signatures had been presented urging that the appointment go to Walter E. Zurcher, San Rafael Toy Shop proprietor, who lives at 14 Rafael Drive in the Dominican area.

Richard F. Cuthbert, of Cuthbert's Blue Print and Photo Print Service, presented the petition and urged Zurcher's appointment. He said the signatures represented businessmen on Francisco Boulevard as well as in the downtown area.

Menary submitted his resig-

## CHIESA: NO EXAM FOR JOB VACANCY

Selection of a police lieutenant to fill a vacancy on the San Rafael police force will not be made by competitive examination, newly re-elected Chief Charles J. Chiesa said today.

The vacancy was created last Dec. 12 by Chief Chiesa's firing of Nick Giampoli. The city council last week decided not to intervene in the matter. Giampoli was an unsuccessful candidate for chief against Chiesa in Monday's election.

Chiesa said, "No one can tell better who is qualified to become a ranking officer than the chief who works with the men and knows what they can do."

He said he would recommend and ask the council's approval" for his appointment "very shortly," possibly when the council takes up the budget.

The council has proposed that examinations be held for police promotions, as they are for promotions in the fire department (the chief of which is not elected). Past practice in the police department has been to hold examinations only for appointments as patrolmen.

## Candidate For Election Not A Registered Voter?

Harris Jackson, one of seven candidates for three Novato Unified School District board positions today, found he was not registered to vote.

When Jackson, of 5 Summers Avenue, went to his polling place at the Olive School to vote, the clerk told him he was not registered.

Jackson protested he had voted there for the past eight years. Attendants at the voting place who knew him agreed he had been voting there, but his name was not in the book.

Just then George H. Gnoss, county clerk, entered to vote. He said possibly Jackson's name had been misplaced when he changed his occupation on the registry.

Jackson signed a contested voters slip and voted anyway.

## U.S. Steel Is Raising Its Prices

NEW YORK (AP)—U.S. Steel Corp., dominant company in the steel industry, today raised prices an average $4.85 a ton on certain of its flat rolled steel products.

The move by Big Steel, accounting for 26 per cent of the nation's tonnage, seemed likely to tip still uncommited firms from the fence.

A few hours earlier, Armco Steel Corp., sixth-ranking producter, had joined the ranks of Republic Steel Corp. and three smaller firms that announced

## Kennedy Helps Mrs. King

ATLANTA (AP)—Intervention by President John F. Kennedy enabled Mrs. Martin Luther King Jr. to talk by telephone with her husband, jailed for leading an anti-segregation march in Birmingham, Ala.

Mrs. King

"The president called and said he had been in touch with Birmingham," Mrs. King related last night.

"He told me, 'I've arranged for your husband to telephone you very shortly. You probably know we sent FBI agents in last night to talk with him and he's all right.'"

Mrs. King said her husband called shortly afterward and assured her he was all right and in good spirits.

Long a leader in desegregation campaigns, King went to jail Friday for participating in a march protesting segregation in the Alabama industrial city.

In doing so, the government declared publicly for the first time what has been rumored for days: That Miro had demanded a voice in U.S. policy toward the Communist island—or else 50 million dollars to mount an exile expedition against Prime Minister Fidel Castro.

Sources who claim to have studied the letter say it includes charges the United States reneged on promises to act against Castro and promises including that of a second invasion, and complaints that the United States has embarked on a course of coexistence toward the Soviet satellite in the Caribbean.

## Kills Self In Tax Quarrel

ATLANTA (UPI)—Brig. Gen. Bernard M. Davey, commander of the Georgia Air National Guard, killed himself last night after wounding his wife during a quarrel over making out their income tax return, police said today.

An investigation was under way to determine if Davey accidentally shot himself to death or was a suicide.

Mrs. Davey told police her husband became angry when he found out she had not completed their federal income tax return prior to last night's midnight filing deadline.

Mrs. Davey was reported in good condition in a hospital with a hip wound.

# DANGEROUS DRUG BILL ADVANCES

### Keystone Measure In Governor's Penalty Program

SACRAMENTO (AP) — A bill increasing penalties for "sleeping pill" and "pep pill" abuse moved to the Senate floor today with the backing of the Judiciary Committee.

The measure, keystone of a dangerous drug program sponsored by Gov. Edmund G. Brown and Atty. Gen. Stanley Mosk, was approved on a voice vote last night. No dissent was heard.

The committee also reversed itself and sent to the floor a measure to require triplicate prescriptions to obtain pain-killing pills called "Percodan."

However, it killed a measure to restrict the sale of codeine cough syrups.

**ADDICTS SWITCHING**

Committee Chairman Edwin J. Regan (D-Weaverville), introduced the series of bills contending that addicts are switching to the pills because of the stiffer penalties enacted in 1961 for heroin and marijuana offenses.

The committee previously defeated one of the bills which would have opened the new state narcotics rehabilitation center at Norco, in Riverside County, to dangerous drug addicts.

The bill increasing dangerous drug penalties also creates a new crime: Possession for sale.

**BIG PRODUCTION**

The measure was supported by Dr. Joel Fort, University of California criminologist, who said the United States now produces 700,000 pounds of barbiturates sleeping pills a year, enough for 33 doses for every man, woman and child in the country.

Oakland Police Captain Thorvald Brown said that while heroin addicts are usually docile, amphetamine (pep pill) addicts are usually aggressive and fighting.

The "Percodan" measure, which the committee defeated on a 6-6 tie vote several weeks ago, was revived and approved 8-4 after it was amended to require triplicate prescriptions for only two years as a rest period

**WAY TO CHECK**

One copy of a triplicate prescription is sent to state narcotics control headquarters, enabling law enforcement officers to use office machines to check for illegal purchases.

"Percodan" is now obtainable on single prescription requiring the police to check records in each pharmacy to find violations.

The two-year test got the votes of Senator Robert J. Lagomarsino (R-Ventura), who had opposed the measure before, and Senator James A. Cobey (D-Merced), who had been absent.

Mosk contends that "Percodan" has the addiction potential of morphine and is being used as a substitute for heroin. He has accused the manufacturer, Endo Products of New York, of lobbying against triplicate prescriptions without regard to the public welfare.

As soon as the revised bill cleared the committee one of Mosks's aides distributed a mimeographed statement to reporters congratulating the committee "for acting in the public interest."

# Britain Hunts Peace Spies After Secret Plan Revealed

LONDON (AP)—Scotland Yard made pre-dawn raids today in its campaign to crack the "Spies for Peace" ring for betraying some of Britain's nuclear survival secrets

Swinging into action after a wild, fist-throwing "ban the bomb" rally, agents of the special branch dealing with security offenses swooped on houses in search of a typewriter used to draw up pamphlets first distributed during the weekend peace march on London. The pamphlets disclosed secret plans for dispersal of government offices in the event of a nuclear attack.

Publication of the secret government plans was described by Home Secretary Henry Brooke as "the work of a traitor."

The special branch has been told that the mysterious anti-war group has printed another series of leaflets revealing more official secrets.

Young detectives, many of them in beatnik outfits, mingled with the ban the bomb marchers yesterday on the watch for the new leaflets. One marcher who was distributing leaflets from a shopping bag was arrested. The leaflets were digests of the original pamphlet. Some 25,000 copies of the digest were reported distributed.

# Doctors Held Going In Pharmacy Business For Additional Profit

SACRAMENTO (UPI) — The California Pharmaceutical Assn. says that more and more doctors are going into the pharmacy business, possibly to overprescribe drugs for the sake of additional profit.

Spokesmen for the association made the statement yesterday after a senate committee heard a bill that would require applicants for a pharmacy license to disclose the names and occupations of persons connected with the business.

Committee members delayed action on the bill after Sen. Joseph A. Rattigan (D-Santa Rosa) found a loophole in the proposed law and suggested that it be closed. The author, Assemblyman William Byron Rumford (D-Berkeley) agreed to return next week with an amended version.

James W. Gentry, publisher and editor of the association's trade journal, said that the number of doctor-owned pharmacies had increased from at least 40 in 1953 to at least 213 today. The figures were minimums, he explained, because they included only those persons whe identified themselves as doctors on the pharmacy applications.

He said there were "many more" doctors among California's 4,400 pharmacy license holders who could not be identified, either because they declined to identify themselves in the state records as doctors or because their identities were hidden in corporate ownerships.

Rumford's bill would require doctors to identify themselves as such when applying for a pharmacy license. The loophole found by Rattigan appeared in a section on corporate ownerships, which specified that only the corporation officers had to be identified.

Rattigan noted that corporation officers, as they appear in state records, need not be the persons who actually run the corporation. "They could be the lawyer who drew up the papers, his secretary and his wife," he said.

Rattigan suggested that Rumford amend the bill so that corporate applicants for pharmacy licenses be required to list stockholders and the number of shares held by each.

Ben Kingwell, an association vice president, said that the danger of doctor-owned pharmacies lay "in a tendency to over prescribe so they profit more."

# First Lady Cancels Official Activities; Baby In August

PALM BEACH, Fla. (AP) — President and Mrs. John F. Kennedy are expecting their third child in August, and are elated.

The vacation White House announced the new yesterday and said the First Lady, 33, is in good health but will cancel her official activities.

Thus the president, 45, joins his two younger brothers in the waiting game. Atty. Gen. Robert F. Kennedy's wife Ethel is expecting their eighth child in June. Joan, wife of Sen. Edward M. Kennedy, (D-Mass.), is awaiting their third in August.

Not since the days of Grover Cleveland has a first family had such an announcement to make. Cleveland was the father of five. One daughter, Esther, was the first child born to a president in office. She was born in the White House on Sept. 9, 1893.

There had been persistent rumors in recent weeks that Mrs. Kennedy might be pregnant because since late December she has virtually given up her favorite sports of horseback riding and water skiing.

But, when White House press secretary Pierre Salinger announced that he would hold a special 5:30 p.m. news briefing, the press corps speculated on such weighty topics as steel price rises and the president's forthcoming trip to Europe.

The announcement of Mrs. Kennedy's pregnancy took all by surprise.

Mrs. Kennedy will spend this summer at Cape Cod with her children. She expects to return to Washington for the birth of the baby which will be delivered by Caesarean section.

The First Lady, who has a history of miscarriages, has obviously been taking it easy in recent months, but her health and condition were reported to be fine.

John Jr. was born prematurely at Georgetown University Hospital in Washington in the early morning hours of Nov. 25, 1960, the day after Thanksgiving. Kennedy was just elected president but still not in office.

Caroline was born in New York on Nov. 27, 1957.

Both Caroline and John Jr. were delivered by Caesarean. Also Mrs. Kennedy had an emergency Caesarean in 1955 when a baby was born dead a month prematurely.

In August 1956, just after the hectic Democratic National Convention, Mrs. Kennedy suffered an internal hemorrhage and lost a baby due that October.

A spokesman at the Newport, R.I., hospital, where that emergency Caesarean was performed, said it was due to nervous tension and exhaustion following the convention at which Kennedy missed the vice presidential nomination by just 36 votes.

The world's lowest temperature, minus 127F, was recorded in Vostok, Antarctica, August 1960.

# San Rafael Elks Elect Officers

A. CLYDE JONES JR.
New Elks leader

A. Clyde Jones Jr. of 150 Glen Park Avenue, San Rafael, is the newly elected exalted ruler of San Rafael Elks Lodge 1108.

Jones, owner of Rafael Floor Covering Inc., is president of the Marin County Builders Exchange and a member of the California State Builders Exchange.

An inaugural ball will be held at the Elks Club on April 27 to honor Jones and his wife, Bonnie, and other new officers.

The new officers are:

James W. Fahrner, esteemed leading knight; Albert E. Gately, esteemed loyal knight; Claude E. Storie, esteemed lecturing knight; Arthur Hildebrant, tiler; Maurice I. Carmody Jr., secretary; L. J. Stefani, treasurer; Carl Clark, alternate to the grand lodge; Eugene Morrison, chaplain; Louis Nelson, esquire, and Dr. Mark S. Daniels, inner guard.

Robert E. Munter will replace Robert C. Forsyth on the board of trustees. Forsyth was chairman of the board. The new chairman is Robert Rich. Other board members are Angelo Turrini, William H. Seeger, and Frank Ench.

## Presbyterian Services To Be At Academy

First Presbyterian Church of San Rafael will hold services for the next two months in the San Rafael Military Academy Chapel at Fifth and Cottage avenues during remodeling of the church chancel.

Dr. Sumner Walters, headmaster of the academy, invited the church to make use of the academy chapel during the remodeling period, reported Rev. Wesley C. Baker, pastor.

Services will be on the same schedule as heretofore.

All other church activities will continue to be held in the church building at Fifth Avenue and E Street.

## Track Cleared After Derailment

DUNSMUIR (AP) — Southern Pacific crews worked 20 hours yesterday, clearing a half-mile of track of a 17-car freight train derailed late Sunday night.

The passenger trains, Cascades, one headed for Portland the other for Oakland, were delayed through most of the day until the single line of track and sidings were pronounced safe.

The derailment occurred Sunday at 11:30 pm. when a wheel truck under one of the cars on a northbound freight failed and sent the train off the track. Nobody was injured.

## Boy Arrested For False Fire Alarm

A 19-year-old youth was arrested last night by San Anselmo police on a charge of turning in a false fire alarm at the Isabel Cook School.

Chief Raymond Buchignani reported that Richard Davis Hargis, a student at Tamalpais High School, was arrested as he was running down Sais Avenue near Sir Francis Drake Boulevard.

The youth first denied, then admitted pulling the alarm box, the chief said.

## Intoxicated Driver Given $193 Fine

Ebbe Bertil Edelhammer, 46, of Petaluma paid $193 fine yesterday for his first drunken driving offense.

Judge Joseph G. Wilson of Marin Municipal Court sentenced him for driving while intoxicated along Highway 101 last Thursday. The judge also put Edelhammer on six months probation.

## Viet Yank Deaths

LONDON (UPI)—The Communist New China news agency said today 103 officers and men of the "U.S. aggressive Army in South Viet Nam" were killed and 74 others wounded in the first three months of this year.

# Council Rejects Postoffice Plan Fourth Time

After 90 minutes of debate, the Corte Madera Town Council by 3-2 vote early today rejected owner Frank Rusalem's fourth proposal for a new town postoffice in the Corte Madera Shopping Center.

The vote, on motion of Councilman Robert I. La Dow, came at 12:39 a.m. after Mayor Edward W. Colthourst said he would fight a "threat by the postoffice department to ram a postoffice down our throats" on a site in the center.

Councilmen Charles F. Pendleton and Albert E. Kogler voted to approve the location.

The "threat" to put a temporary postoffice in the center came from Lawrence Guay of the real estate section of the postoffice department regional office in San Francisco.

Guay told the council if the new proposal was rejected, the department planned to put a temporary office in a store expected to be vacated soon in the center.

He termed the present postoffice at 11 First Street "totally inadequate" and said "we must take drastic steps" to obtain "four or five times the space we now have."

Guay was preceded by Richard G. Burns, attorneys for Rusalem's Madera Gardens Development Co., owner of the center, and by Louis Malvino, president of the center merchants council, in recommending the proposed location.

La Dow's motion of rejection asserted "increased vehicle and pedestrian cross traffic would be detrimental to the safety of citizens." The council action upheld planning commission vote of 4-1 on April 2 against the location.

Commissioners urged the developer to submit plans for an office in the central business area of the center, a recommendation opposed by Rusalem and the merchants, who said they wished to save the "core area" for business firms, which would pay higher rent.

# Separaton Of Reed From Tam High District Is Termed 'A Great Loss'

Separation of the Reed School District from a unified Tamalpais High School District would be the "loss of an active, vocal population which contributes greatly to the educational scene," Tam district Trustee J. M. Stubblebine said said last night.

Stubblebine, a Reed District resident, asked fellow tamalpais district board members for instructions on how to vote on unification if the opportunity, presents itself at a meeting of the county augmented committee on school district organization night.

The trustees told Stubblebine they prefer the Tamalpais district to be unified as a whole.

"Everyone speaks of the financial loss if Reed separates," said Stubblebine. "I'm concerned about the more intangible benefit of the area's benefit to the rest of education in this unification proposal."

He also said that the "real issues" of unification are not the organizational problems. Rather, the feelings of the people toward the matter are the real obstacle, he held.

Trustee John C. Siemens declared, "It would be a crime to split up this district."

"Why break up a going concern?" asked Trustee Edmund J. Thomas Jr.

Board Chairman Delman D. Smith and Trustee William B. Lewis expressed like view.

Mrs. Joseph Wallace of Ross, a member of the county committee on school district organization, claimed the stumbling blocks are with the local board members, who sit in on augmented committee meetings.

"But it's coming to a head, and probably on Wednesday," she said.

The Tamalpais High School District board also:

1. Accepted the resignation of Tamalpais High Spanish teacher Marjorie Riffle, who will return to Mexico.

2. Hired two teachers for next year: Iris S. Meyers, Spanish at Tam, and Everett Andrew, English at Redwood High.

3. Authorized summer workshops in science, business education, and slow learners.

4. Accepted $200 worth of reference books for the Sir Francis Drake High School library from the Drake Parent-Teacher Assn.

5. Heard a report on business education from teachers Paul Wata and Roberta Walter, Tam High, John Book, Redwood High and Herman Graves, Drake.

# Supervisors Endorse Uniform Pay Proposal

Marin County supervisors today unanimously endorsed the principle of equal pay for similar work in county or city jobs.

This action was taken after Asst. Personnel Director Robert D. Elliott had furnishd information on present pay of law enforcement officers in the county and the cities.

Fairfax proved to pay most for beginning patrolmen and sergeants, with the county ranking third and second, respectively. The sheriff and police chiefs recently joined in asking establishment of uniform salaries for enforcement officers.

Though Elliott's report was limited to the enforcement category, Supervisor Peter Behr put through a motion, binding on nobody, putting the county on record as favoring uniformity throughout.

Monthly pay of beginning patrolmen at present follows: Fairfax $515, San Rafael $500, Marin County $486; Corte Madera $460, San Anselmo $458, Novato $457, Sausalito $450, Mill Valley $430, and Belvedere $400.

Sergeants beginning pay per month is: Fairfax $550, Marin County $531, San Rafael $525, San Anselmo $505, Sausalito $492, Corte Madera $484, Novato $480, Mill Valley $450, and Belvedere $450.

The figures were given for Larkspur and Ross.

## STOCKS TODAY

NEW YORK (AP) — Steels continued higher as the stock market closed with an apparent gain today despite some sharp profit taking in many recent leaders. Trading was heavy.

The decision of U.S. Steel to follow other steel companies in selective price increases seemed to come as an anticlimax. Big Steel was up a point or more on the news but the gain melted.

Volume for the day was estimated at 5.4 million shares compared with 5.99 million yesterday.

## OBITUARIES

# Lagunitas Ex-Hotel Owner Dies

Mrs. Mary Bottini, a former resident of Lagunitas, died yesterday in a San Francisco hospital after a short illness.

Mrs. Bottini and her late husband, John, owned Bottini's Hotel in Lagunitas until it burned down about 25 years ago. They operated the hotel from San Francisco but moved to Lagunitas to live for five years about 40 years ago.

Mrs. Bottini was a native of Jackson, Amador County. She is survived by a daughter and a son, Mrs. Clifford Meagher of San Francisco and John Bottini of San Francisco.

A Requiem Mass will be said at 10 a.m. tomorrow at St. Edward's Church, San Francisco. The Rosary will be recited at 8 p.m. today at McAvoy, O'Hara Co., Geary Boulevard at 10th Avenue, San Francisco.

### FAYE KRAFT

Mrs. Faye M. Kraft, 320 Fawn Drive, San Anselmo, died yesterday at a local hospital after a long illness. She was 60 years old.

A native of Big Springs, Tex., she had lived two years in California and six months in Marin County. Her husband, Albert Kraft, a merchant, died in 1960.

She leaves two daughters, Mrs. Margaret Williams of San Anselmo and Mrs. Mary Ann Maslowski of Pakistan, and a son, Sydney M. Steele of Cupertino, Santa Clara County.

Private funeral services were held today at Keaton's Mortuary, San Rafael.

### C. BOETTCHER

DENVER (AP)—A private funeral will be held for Charles Boettcher II, wealthy grandson of a Colorado pioneer who rose from a mining camp hardware merchant to head a multi-million-dollar industrial complex.

Boettcher, 61, died in his sleep at his San Francisco apartment yesterday, victim of a heart attack.

### ALEX DUCHIN

SAN FRANCISCO (AP)—Alex Duchin, 42, whose band played for hundreds of Bay Area dances, died Sunday at Fort Miley's Veterans Administration Hospital.

The violin-playing leader and his band were a favorite at the Palace Hotel before World War II. The band was featured after the war at Berkeley's Claremont Hotel.

Duchin, who migrated from Russia and was for a time with the San Francisco symphony, organized his own band after playing for Henry King, Joe Reichman and Carlos Molino.

He served in the Army during World War II. Burial will be in Golden Gate National Cemetery after services Thursday.

### ANN DIPPEL

Ann Ursula Dippel, 16, daughter of Mr. and Mrs. G. Brent Dippel of 119 Grande Vista, Novato, died yesterday in a local hospital of a kidney ailment.

A native of Whittier, Ann had lived in Novato three years. She was a junior at Novato High School.

She is survived by her parents and two brothers, David and Philip Dippel of Novato.

Funeral services will be held at the St. Francis Episcopal Church in Novato at 10 a.m. Thursday. Donations to the church in memory of Ann are preferred by the family.

convene "as soon as possible."

The day's lone witness, the officer in command of rescue operations for the first three days after Thresher sank, told the court he had formed an opinion as to the cause of the sinking.

But Rear Adm. Lawson P. Ramage added, "It is nothing I care to state in open session."

Ramage, deputy commander of the Atlantic Fleet submarine force, told the court neither he or other top officers in the search and rescue phase was aware until two days later Thresher had radioed information about a "minor difficulty."

Ramage said he learned of the Thresher's radio message on April 12 after the navigator of the rescue ship Skylark was transferred to the admiral's ship to be brought ashore to testify.

Navigator Lt. (j.g.) James C. Watson earlier told the court the last clear message from Thresher was: "Experiencing minor difficulty. Have positive up angle. Attempting to blow."

In Washington, it appeared the Navy may have ordered restrictions on the diving depths of most or all its nuclear powered submarines as a result of the Thresher disaster.

Rear Adm. John S. McCain Jr., Navy chief of information, refused to confirm or deny whether such restrictions had been imposed on the depths to which nuclear submarines may dive.

He told newsmen he would not comment on the matter.

She pointed out that more than one million new homes must be built in the Bay Area by about 1980, an increase of 100 per cent over 1960.

"The design, price and location of these homes will be the major determinant of future living conditions and lifestyle choices for every one in the Bay Area," Dr. Wurter decleared.

# Ross Trustees Hire New Superintendent

William Monahan, now completing a doctorate in educational administration at the University of California in Berkeley, will succeed Donald D. Leister as superintendent of Ross School District on July 1.

Monahan accepted and signed a three-year contract at yesterday's meeting of the Ross School District board. He will receive $13,000 a year.

Leister submitted his resignation in February, announcing he plans to continue his studies.

The new appointee, chosen from about 70 applicants, received his bachelor of arts degree in English literature from Dartmouth College, where he was an all-conference football player, adn his master of arts from University of California. He served as a Marine Corps officer in the Korean War and is now a major in the Marine Corps reserve. He has served eight years on the faculty of Punahou School in Hawaii, as teacher, supervisor, and junior college dean. He is married and the father of two children.

The Ross School District board also:

1. Reviewed the salary schedule but took no action to change it.

2. Budgeted $650 as the school district's share of the Ross recreation program.

place, but only 6 per cent at another.

At three Dixie District schools, the turnout to noon ranged from 6 to 8 per cent. At Lagunitas School, it was slightly over 10 per cent.

At four schools in San Rafael, which elected its own board of education members eight days ago but is voting today for a county board member and Marin Junior College District trustees, the morning turnout ranged from a low of 1 per cent at Hartzell School to a high of about 3 per cent at Coleman School.

## College Meeting Is Rescheduled

The Marin Junior College District board meeting set for Thursday was rescheduled today for 8 p.m. April 25 in the art building at College of Marin because no quorum is possible this week.

Board president Elizabeth M. Deedy and clerk Kent O. Seymour have been prevented by other commitments from attending a trustee meeting this Thursday, said college President Stephen E. Epler.

With trustee George G. Washburn still on the sick list, only two trustees might thus be able to attend.

## Belvedere Planners

The Belvedere Planning Commission last night postponed action on a request by Dr. Neil McCloy of 180 Beach Road to install an incline elevator from the street to his home, to allow for a public hearing.

## Honor For Composer

OAKLAND (UPI) — French composer Darius Milhaud, a professor of music at Mills College since 1940, will be honored on his 70th birthday with a four-day festival of music, May 24-27, the college announced today. Milhaud spends alternate years teaching at the Paris Conservatory of Music.

nation from the council at the start of the meeting, and shortly afterward took the oath of office as city attorney.

First, Mayor McInnis swore City Clerk W. L. Morgan into office for another term. Morgan then gave the oath to C. Paul Bettini, Walter J. Doll and Carl J. Brown, elected to the board of education, then to Menary along with McInnis, Councilmen Charles W. Aby and Fred E. Jensen, Treasurer Angelina J. Soldavini, and Police Chief Charles J. Chiesa. Each of them spoke briefly, thanking the voters for support.

A resolution of commendation to outgoing City Atty. A. E. Bagshaw was adopted by title only, for Bagshaw was not there to hear it read.

# FIRE

The Corte Madera firemen helped the management put out the fire. Ten minutes later, county firemen arrived.

Mayor Colthurst said: "The council decided some time ago the fire department should not answer out-of-town calls. It is unfair to the town. They have flue fires often at that location."

Pendleton agreed. Kogler said the same policy as Corte Madera's had been "gone into by the entire county." He said local firemen are "not covered by insurance" when working outside their territory.

selected price boosts in the last week.

The U.S. Steel announcement, in Pittsburgh, said products covered by the increase accounted for 29 per cent of over-all tonnage.

Armco also cut prices $5 a ton on certain wire items, becoming the first of the five companies to effect any reductions.

Armco did not join in the round of steel price hikes last year that aroused Pesident John F. Kennedy's ire and quickly collapsed under heavy administration pressures.

How to get the most from your life insurance

W. E. Erickson
Agency Assistant
SAN RAFAEL
Tel: GL. 6-1452

It's a three step suggestion and, as it should, it starts with you. When you purchased life insurance, you no doubt had in mind definite jobs for it to do for your family if you die; for you if you live. But time brings many changes . . . and it makes good sense for you to review your objectives and to check whether your life insurance currently meets them.

There are two other people who can help. The first is your wife. Your life insurance is designed for her and the family and it's wise to have her know your plans. The more she understands your objectives, the more she will be able to help you keep them up-to-date, and the better she'll be able to use this priceless protection that is being paid for through her careful budgeting.

The second is the Man from Manufacturers. Through him, the flexibility of your policies will come to life. His experienced, practical recommendations add up to an invaluable source of service for you now and for your family later.

# CLEANUP ORDERED IN CORTE MADERA

The Corte Madera Town Council directed Town Mgr. Arthur H. Brandow last night to prod owners to remove nuisances from three parts of town and report to the May 6 meeting.

Brandow reported he had received no answer from Karp Development Co. of San Francisco to a March 25 letter asking removal of construction debris from a two-acre site south of the Madera Village motel-apartments on Tamal Vista Drive.

He said he had not heard from owner William Murray regarding a request that the old Circle Drive-In and a nearby automatic laundry on Casa Buena Drive near Highway 101 be demolished.

The third nuisance consists of debris and grass, reported by Mayor Edward W. Colthurst to be four feet high, at Lakeside Drive and Cheyenne Way in Madera Gardens.

Brandow said he had asked owner Ralph E. Tobener to remove lumber but didn't mention debris, presumably hidden by the grass. The council directed him to tell Tobener to "clear the property completely."

A dozen Lagoon 2 residents went home when the council acted on the third matter.

## The Corte Madera Town Council Also:

1. Discussed a proposed report the county superintenance again and directed Brandow to put it in final form for discussion May 6.

2. Authorized Brandow to call an adjourned council meeting May 16 to discuss the revised town general plan if the planning commission approves the plan at its second hearing April 29.

3. Voted to include in the next budget $7,268 to acquire property at 2 Harbor Drive and 4 Echo Avenue to improve Paradise Drive.

4. Referred to budget discussions a request by the Neil Cummins School Parent-Teacher Assn., that the lower canal off Hickory Avenue be fenced; took no action on a renewed request for a Pixley Avenue access.

5. Authorized Brandow to get an appraisal on about two acres of land of Domenic Muzzi north of Marina Village sought for a drainage lagoon for that tract.

6. Agreed to a California Highway Patrol request to substitute "yield" signs for "stop" signs on both sides of Tamalpais Drive at Paradise Drive.

7. Adjourned at 1 a.m. today until 7:30 p.m. Thursday to discuss town employees' pay.

## Assembly Passes Bill On Life Without Parole

SACRAMENTO (AP) — The Assembly today passed a bill giving judges and juries a third choice of sentences in death penalty cases — life without possibility of parole.

The vote was 45-20. The bill now goes to the Senate.

# No Gaudy Signs For Kentfield

Kentfield is no place for bright, gaudy signs, the Marin County Planning Commission was told yesterday.

Commissioners agreed with principal planner Sidney Shaw that a proposed brightly lighted plastic sign identifying the Redwood Convalescent Hospital on Sir Francis Drake Boulevard "is not appropriate for the neighborhood."

The Marin County Planning Commission also:

1. Continued until May 6 consideration of plans for a small apartment and office building opposite Juanita's Galley at Yuba and Petaluma streets in Richardson Bay. The delay was requested by applicant Horace A. Cooper.

2. Continued until May 6 a request for architectural supervision of an apartment building near the Gallinas Village Shopping Center at La Brea Way and North San Pedro Road. Zoning for the apartments in the commercial area was previously approved.

3. Denied an adjustment for Mrs. Kay Maruyama to operate a beauty parlor in a garage at her home at 2084 Vineyard Road, Novato.

4. Discussed clarification of proposed amendments to the zoning ordinance regarding building of accessory structures in residential areas. Proposed limits of height and distance from property lines will be reviewed again and possibly adopted May 6.

5. Authorized final plans for four-unit commercial building in the Terra Linda Shopping Center on Manuel T. Freitas Parkway, to be built by Frank E. Hawkins. Tentative approval was given two weeks ago, and the request will be heard by the board of supervisors April 23.

## Road Employee Hurt In Crash

A county road department employee, believed to be Tex Truett, 62, of Point Reyes Station, was hurt in an auto accident today on Pierce Point Road about five miles north of Tomales State Park.

He was being treated by Dr. Gordon Platters of Point Reyes Station this noon. The extent of his injuries were not immediately known.

Kenneth Kehoe, an Inverness resident, reported the mishap about 10 a.m. and took the victim to the doctor.

Witnesses said a car apparently came around a curve and collided with a county truck.

# San Jose Teachers Ask Raises

Teachers in the San Jose Elementary School District last night asked for a 10 per cent increase in their salaries for the 1963-64 school year. Non-teaching personnel asked for an 8 per cent increase.

Richard Silvers, music teacher, speaking for the salary committee, asked for a starting salary of $5,400 with a top of $10,260. The salary scale is now $4,900 to $9,995.

"The average income in Marin County is $9,953," said Silvers. "The average income for the San Jose district teachers is $6,664."

The district has 86 teachers. "Of these 56 have additional income such as their wife working, and 17 have two jobs," Richards said.

Leonel Avilla, head custodian, speaking for the non-teaching workers, asked for a straight 8 per cent salary increase, plus longevity pay of $10 per month after 10 years and $15 per month after 15 years.

"Otherwise we get in a rut and cannot get any higher," he said.

"This is too important a decision for us to make tonight," said trustee Alan Swabacker. On his motion, the board voted to hold a special meeting on April 29.

Supt. Ralph Giovanniello told the board that 55 persons had applied for teaching jobs during the past week.

The San Jose School Board also:

1. Approved rehiring all teachers in the district who have indicated that they want to stay. Giovanniello said seven teachers still have not indicated whether they want to remain with the district.

2. Granted Angela de Gear, now on leave, extended leave until June, 1964, and to Mrs. Julia Swan, librarian-clerk, leave to June of this year.

3. Heard a report that the cafeteria had made $161 profit in March, the first this year.

# Proper Airport Might Be Major Job For Marin Planning Council

Planning a "proper airport for Marin" might be a major job for the Marin County Planning Council, Marin County planning commissioners agreed yesterday.

The council, of which county planning Commissioner Felix M. Warburg is president, is a quasi-official group made up of city and county planning commissioners and staff members.

It asked the county commission last month for a list of ideas which require attention for county-wide planning. Commissioners yesterday agreed to submit transportation, waterfront development, and open space planning as the primary problems needing study.

"A proper airport facility will have a greater impact on the economic development of Marin than most people seem to realize," said Commissioner Charles R. Johnson. "I think the council might consider that as the first item under transportation."

"I agree that many people don't realize the importance an airport might have," said Chairman William Upton, who is also a member of the county's airport advisory committee.

The advisory committee is now considering a proposal for an airstrip parallel to the Hamilton Air Force Base main runway for a county airport.

## Donhoff Is Elected Tam Fire Unit Head

John G. Donhoff, running in today's election for Mill Valley School District trustee, was elected last night as chairman of the board of Tamalpais Fire Protection District. He succeeds Raymond J. Massagli.

Morris Batz was elected secretary, and Massagli, treasurer.

At the bottom of the ocean, in a world of total darkness and near-freezing temperatures, pressures are as high as 900 tons per square foot.

# North Wing Of E Street School Title Is Disputed

Who owns the north wing of the E Street School—the city or the San Rafael School District?

If the city doesn't own it, how come? And if it does, how can the school district evict the city's planning, building and public works departments?

City Mgr. Dan E. Andersen and new City Atty. David Menary Jr. were told by the city council last night to find the answers to those questions, after receipt of a letter from School Supt. Bert C. Corona asking that the city departments vacate the building by July 15. E Street is to be used for classrooms again next fall until the new Glenwood School is completed.

When the school district prepared to sell the E Street property, a title search showed that the city owned part of it. A swap was worked out by which the city deeded the portion to which it held title in return for the school district deeding the city a portion for extension of Third Street. The latter part runs through the north wing, where the city now has offices.

The city delivered its deed. But the county counsel's office has not delivered a deed to the exchange property to the city.

The board of education last night opened bids for sale of its E Street property—but with the portion to be acquired by the city omitted.

By the time the matter came up last night, County Counsel E. Warren McGuire, who had been at the council meeting earlier, had disappeared.

## The San Rafael City Council Also:

1. Delayed until May 6 award of a contract for the Third Street-Grand Avenue storm drainage project. Low bidder if the project is carried only to Fourth Street was McGuire and Hester of Oakland at $48,300. But if it is taken on to Fifth Avenue, LeeMac Paving Co. of Corte Madera came in low with a total of $57,661. The council thought the whole job should be done, but City Engineer Dominic Selmi said LeeMac appeared to have made an error in the price of pipe. McGuire and Hester's bid for the larger project totaled $57,990. There were three other bidders.

2. Referred back to the planning commission Louise Walsh's appeal of denial of a use permit for converting a building at 1422 Lincoln Avenue to include an office. The planning commission had split 3-3 on the application, with one member absent.

3. Referred to the parking committee a request by the chamber of commerce that 19 parking spaces in the Third and Cijos Street lot, now restricted for deliveries until noon, be made available all day. Mayor John F. McInnis said he believed there was a deed restriction which prevented this.

4. Set for May 6 hearing on rezoning of land on Racquet Club Drive and Leafwood Circle from single family dwelling to planned community, approved by the planning commission on petition of Racquet Club Estates.

5. Referred to city engineer and fire commission an offer of a firehouse site on Railroad Street at $1.36 per square foot.

6. Set for May 6 hearing on Byron W. Leydecker's appeal from planning commission ruling that he must install an improved, dedicated city street in a three-lot subdivision in Chula Vista Heights.

7. Approved appointment of James F. Mulgrew as junior civil engineer in the public works department at $565 a month, and of Berxdal Stinson as dispatcher clerk in the police department at $390; also promotion of Henry Ingwersen from dispatcher clerk to police patrolman.

8. Granted Mario Soldavini, parks department garcener, leave without pay for June, July and August so he can make a trip abroad.

9. Authorized Public Works Director Norris Rawles to spend $650 for soil tests on Fremont Street, where he said a portion of the street is sinking and threatens to collapse.

10. Voted to support the Marine Exchange's program of proposed marine legislation.

## Diefenbaker Delays

OTTAWA (AP)—Prime Minister John G. Diefenbaker held back his resignation today, indicating he might not turn it in for at least another 24 hours.

# Council Won't Be Rushed On City Hall

The San Rafael Chamber of Commerce drew a "don't rush us" reply last night to a proposal that the city government immediately vacate the old city hall and turn the property into a parking lot.

Fred F. Enemark, chamber president, presented the proposal, saying he had been directed to do so by the chamber's board of directors, who had voted it unanimously.

It urged following the proposal of parking consultant D. Jackson Faustman that the city hall property be given first priority for parking lot use. The city could move its offices to a building in the Montecito Shopping Center.

Richard F. Cuthbert said his chamber parking committee felt an offer by Roy A. Brown, Independent-Journal publisher, to buy the city hall lot and allow the front portion of it to be used for 10 years for public parking was "not good enough." Ten years was not long enough to justify a two-story or three-story parking structure, he said, and Brown's plans would leave only 44 parking spaces on the ground.

Councilman Charles W. Aby questioned whether the city hall lot is the best site for parking, and suggested parking district bond money might be put to better use elsewhere.

Harry Albert, also on the chamber's parking committee, predicted that "in years to come this would be a very valuable lot . . . Our thinking was that if we could get 10 years of parking that would be pretty good, but maybe you could get even a better deal."

Councilman Fred E. Jensen commented wryly that "the problem has been that merchants in San Rafael have always hesitated to spend their own money to provide parking."

Nothing will be done, councilmen said, until after they receive a report from Stone and Youngberg, financial consultants, on the financing both of the parking district and the new city hall.

# Flood Problem 'Bret Harte's Fault'

For 10 years, the San Rafael City Council "has stood ready to do its share" to alleviate Bret Harte flooding, but has been stymied by property owners' protests, Mayor John F. McInnis bluntly told Bret Harte businessmen and residents last night.

After the mayor delivered his lecture, the four-member council voted unanimously to continue until May 20 its public hearing on the proposed million-dollar Bret Harte Drainage Assessment Districts, which has drawn a volume of protests almost equal to the volume of water in Bret Harte streets the past winter.

The decade's lack of progress in solving the problem was first mentioned by R. W. Swanson of 42 Billou Street, who called to the city council's attention an item in the "10 Years Ago" column in yesterday's Independent-Journal. The item read:

"Possible end of winter floods in San Rafael was seen as city councilmen ordered first steps to form a special assessment district, perhaps including the whole city."

That district was sunk beneath protests. Subsequent efforts suffered the same fate.

"You folks must go back into meetings in your own area and solve this thing," declared the mayor. "The only way the council can do it alone is to be completely arbitrary and create the district in spite of a majority protest." He said several Bret Harte owners within the last week had recommended to him that the council should do that very thing.

"Stop trying to defeat the engineer," advised the mayor. "If every one of you is an engineer, you're in the wrong business."

The city, said McInnis, has committed itself to pay some 20 per cent of the district's cost.

Ten years ago, the mayor said, the San Rafael School District also was willing to bear its share of the drainage improvements. It was represented last night by County Counsel E. Warren McGuire, there to resubmit the district's objection to an assessment of some $125,000.

McGuire wanted the hearing closed and the district killed. But Melvin Geister, often Bret Harte's most vocal critic of the city's handling of its flood problems, asked a continuance. "Things have come to light," he said, that may make possible, depending largely on the attitude of the Northwestern Pacific Railroad.

## Tam Fire Budget Is Up $10,154 From This Year

Tamalpais Fire Protection District commissioners were submitted a preliminary 1963-64 budget by Fire Chief Herbert Owen of $66,154.

This is $10,154 higher than this year's $56,000 budget. The hike is accounted for in increased firemen's salaries, a building program and capital outlay, according to board Chairman John G. Donhoff.

Donhoff reported the district expects a million dollars in growth and annexations for an assessed valuation exceeding nine millions.

A special budget session was set for April 29, and a special meeting tentatively set for April 25 at 8 p.m. which may be a closed session to hear complaints reportedly being prepared by the firemen.

Forty-two per cent of West Germany's 54 million people work in industry.

## TURN ABOUT AT JAIL: PRISONER WON'T LEAVE

PACOIMA, Los Angeles County (UPI)—Jailors who know what to do when a prisoner tries to escape were temporarily taken aback last night when one refused to leave.

"I'm not going," said burglary suspect Carlton E. Kidd, 24, after his sister posted $525 bail. "I'm staying here. It's going to cost me $50 for the bail and I don't want to pay it."

When the jailor, two detectives and the watch commander failed to convince Kidd he ought to leave, they abandoned psychology for direct action. Four officers lifted him from the cell and deposited him on the sidewalk.

## Parent Threatens Suit For Transfer

An irate parent last night hurled threats of court action to force a San Jose School District board decision on pupil transfer policy.

Otto Littler of 474 Via Herbosa, Loma Verde, had been trying to get his child transferred from fourth grade at Pacheco School to Loma Verde School. He had gone "through the chain of command," he said, from teacher to principal to superintendent. He had appealed to the board and been told it "was an administrative matter."

"Where can I go if the board refuses to make a decision?" Littler asked in a letter addressed to Maxwell Rafferty, state superintendent of public instruction; Virgil S. Hollis, county superintendent of schools, and Assemblyman William T. Bagley (R-San Rafael). The letter was read to the board.

"You have two other recourses," said trustee William H. Vandergriff. "Recalls have been successful and there is an election tomorrow."

"No, there is one other way to force a decision out of you, and that is the courts," Littler said.

Trustee Alan Swacker then moved and Vandergriff seconded that the board not move the Littler child from Pacheco to Loma Verde School. The motion passed 4-0 with Trustee Dan H. Barber abstaining, saying, "I felt we had answered him when we told him that it was entirely an administrative matter and that we would back up our administrator."

Littler insisted it involved board policy.

Supt. Ralph Giovanniello had told the board that 17 children at that grade level attend Pacheco School from Loma Verde.

## Cluster Apartment Request Continued

Public hearing on a request for planned development zoning of 10 acres of land at the end of Sonoma Avenue was continued by the San Anselmo Planning Commission last night to April 29.

Developer Robert Ryan was told to revise the lot sizes on his plan to rezone the property from apartment zoning. Ryan plans a cluster apartment development for the hilly property.

The commission approved a request by San Francisco Theological Seminary for a variance to build a shop building on two lots now occupied by two small cottages.

The San Anselmo Planning Commission also:

1. Sent back to the city council its original recommendation to rezone property along San Anselmo to commercial and apartments.

2. Set for May 20 public hearing on request of William Pollard to rezone property at 200 Redhill Avenue for apartments.

3. Approved the final map of Jack Longson to divide two lots on Crescent Road.

4. Approved Ray E. Nolan's request to rezone two lots in the Karlsruhe subdivision for apartments.

5. Set for April 29 further public hearing on Morris Burch's request to remodel an old building at 75 Ross Avenue into a six-unit apartment, pending relocation of the building on his plans.

## Marinwood Fire Group Agrees On Part-Time Chief

Marinwood fire commissioners last night recommended that a Hamilton Air Force Base fire department captain become Marinwood's "part-time fire chief."

The commission decided on an "interim" plan for operation of the fire department, with Henry Fuqua of 599 Miller Creek Road as part-time chief and paid Firemen Joseph D. Medley as assistant chief.

Fuqua, a member of the Marinwood Volunteer Fire Department, would be a temporary replacement for former Chief John G. Unsworth, who was fired two weeks ago.

"We will also recommend to the community services district board Thursday," said fire commission Chairman James McElhattan, "that a third paid full time fireman be hired.

"The plan with Fuqua as part-time chief and Medley as acting chief during the daytime would be effective for one year and then subject to review. Our ultimate goal, at this time, is to make Medley chief after he gradually assumes more responsibility."

### 10 Persons Hurt In Gas Main Blast

BOSTON (UPI) — A gas main explosion shattered a vacant three-story wooden building in Dock Square today, showering debris in the streets, blowing out windows and injuring at least 10 persons.

Police said the building, which was being demolished to make way for a new government center, formerly housed a restaurant and a fish market.

## Ex-Mental Patient Slashes 4

SANTA ROSA (AP)—A former mental hospital patient went berserk last night and slashed four elderly persons—one so badly he may die.

He was captured today at a Santa Rosa motel.

The fugitive, identified by police as Alfred G. Kreimer, 27, had been hunted by posses in the Sonoma County ranch country southeast of Santa Rosa.

In grave condition after hours in surgery at Sonoma County Hospital was Danton Olds, 73.

**STABBED**

Sheriff John Ellis said he was told that Kreimer stabbed Olds several times and fractured his skull. He was stabbed in the abdomen and chest.

Mrs. Olds, 65, also was cut but escaped.

Kreimer, the sheriff said, was a patient at Talmadge State Hospital, Ukiah, until discharged recently as rehabilitated. The Olds couple, who were caretakers on the Thomas Plant estate eight miles southeast of Santa Rosa, had befriended him and given him a home.

Officers related:

After the attack, Mrs. Olds fled to the nearby main estate house, the home of Plant, a retired Army colonel who was foreman of the Sonoma County Grand Jury last year. He wasn't home but guests, Mr. and Mrs. August Gorel, were.

**HATCHET**

Kreimer, after attacking the Olds, tried to drive their car away but rammed it into the house. He went to the main house, armed with a hatchet. He dived through a front window, cutting himself and smearing the place with blood.

He cut Gorel, 71, on the head with the hatchet, knocked him down, and then slashed Mrs. Gorel on the neck. She managed to escape, flagged a car, and went to the sheriff's office.

Meanwhile, Kreimer ranscaked the Plant house.

Then he fled into the brush and timber.

Sheriff's deputies found Mrs. Olds hiding in the attic of the Plant house. She was in shock.

Officers found a half empty whisky bottle and said it seemed likely Kreimer had drunk some of it, although he appeared sober when arrested.

## Three Wells Solution Suggested

Deeding of a front strip of G. C. Kott's property to the City of Mill Valley in return for the city's accepting Kott's Three Wells bridge location and a sewer easement under the bridge was recommended to Mill Valley City Council last night by parks and recreation commissioners.

Action would be subject to planning commission and city council approval of Kott's subdividing his land into four lots, Commissioner Raymond J. Bell said.

The action would mean the Three Wells trail would be city property, encompassing the entire Cascade Creek and trail area. Kott, Bell sair, offered $500 toward acquiring the Three Wells themselves from owner Mrs. Louise Tucker, provided the sum were matched by other private parties.

## JUANITA VIOLATES SANITATION LAWS

Juanita's Galley will not reopen until 18 violations of state and county sanitation laws have been corrected, William L. Desmond, county sanitation director, declared today.

Owner Juanita Musson announced yesterday she had closed the Galley at Waldo Point "temporarily and voluntarily," for some repairs.

This was technically correct, said Desmond: Mrs. Musson was to have appeared in the district attorney's office today to "show cause why a criminal complaint should not be filed" if she had not closed the eating place.

"It is not to re-open until everything is cleaned up and the restaurant is properly certificated," he said.

The closing "has nothing to do" with taxes or sewer connections, said Desmond.

"It's simply that the restaurant itself is not in compliance with our regulations, and she has been warned about this for a long time," he said.

When Mrs. Musson moved her restaurant to the old ferryboat Charles Van Damme about 10 months ago, she was granted a temporary license.

"She will not get a permanent license until we have inspected everything," said Desmond.

## Sausalito Aide Sued For Building Permit

Charging that Sausalito's interim zoning ordinance is "unconstitutional," Ardilla Land Co. of Sausalito has brought suit against William L. Hynes, Sausalito building inspector, asking the Marin County Superior Court to order Hynes to issue a building permit.

A hearing on order to show cause on complaint for mandatory injunction was to be held today in the court of Judge Richard M. Simms Jr.

Bradford H. McNutt, Ardilla president, contends his firm, owned in part by the Kingston Trio, was refused a building permit March 27 on grounds it had not obtained a permit under the interim ordinance.

The interim ordinance, first passed in May 7, 1957, was extended last month until July 20 by the Sausalito City Council.

Ardilla has a request for a use permit before the city planning commission, asking to construct 180 apartments on four acres on Rodeo Hill near Highway 101. The area is zoned for apartments but it is proposed to be rezoned duplex under a new zoning ordinance.

## Council Votes Approval For Madera Park Tract Bond Use

The Corte Madera Town Council last night voted 5-0 to "approve the concept" of using 1915 public improvement act bonds —which obligate the town—to finance an assessment district planned to improve the Madera Park tract.

Town Atty. Sherrod S. Davis stressed that the vote "does not commit" the council. Discussion brought out that much red tape still faces developers Jack Estes and George Roemer, who wish to resubdivide 46 lots into 28 single family residence lots.

The motion, by Councilman Robert I. La Dow, seconded by Charles F. Pendleton, specified that if the project goes through the council would insist on a 2-1 ratio for indebtedness.

Councilmen said for example if the improved lots were expected to be worth a total of $280,000, the council would authorize bonds not to exceed $140,000.

## Block Plan Told Board In Mill Valley

Domonic Bobbio, principal of Edna Maguire School, told Mill Valley School district trustees last night it is planned to assign each seventh and eighth pupil to a three-period english and history "block" this fall.

This means a student would remain three hours with one teacher for those subjects. At present pupils have one two-hour period with the same teacher; all other classes are one hour in length and with different teachers.

Each english-history teacher, Bobbio explained, would be responsible for only two such classes daily. Ability grouping within the block would be up to a teacher's judgment.

Pupils would receive other instruction on a departmentalized basis, separate teachers being available for mathematics, science, foreign language, music, and physical education.

George M. Wood, board chairman, expressed pleasure with the changes as outlined.

Three teachers accepted employment for 1963-64; Mrs. Walter Gish of San Francisco, as speech correctionist; Joyce Leonardi of San Rafael, first grade, and Mrs. Richard Pyke, of Whittier, also first grade.

### Japanese Liner Given Welcome

SAN FRANCISCO (AP) — The first Japanese passenger liner to visit San Francisco since World War II was given a warm welcome by the city today.

Arrival of the 12,000-ton Sakura Maru (Cherry Blossom) signaled resumption of a once-prosperous movement of passengers between the United States and Japan.

She carried 952 passengers and a trade exhibit of Japanese-produced goods.

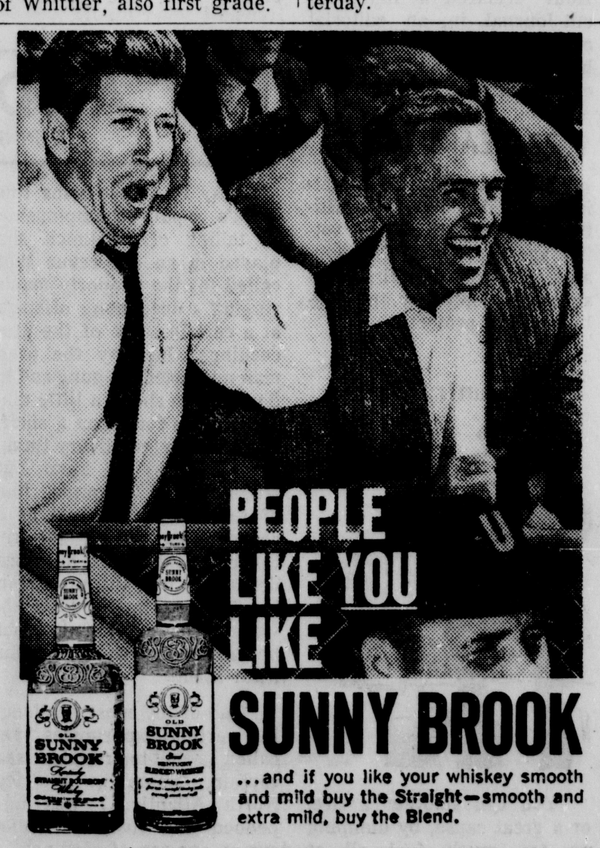
A stubnose .38 caliber is missing from the Forest Knolls Lodge, Sheriff's Sgt. Kenneth Irving reported today. The owner discovered the theft yesterday.



## Jones Left Estate Of $127,232

The late County Clerk George S. Jones, who died of a heart attack on March 14 last year, left an estate worth $127,232, according to an appraiser's report filed with Marin Superior Court.

Funeral expenses and other costs bring the total distributed assets to $120,348, Lee V. Holman, inheritance tax appraiser, reported.

Of this amount, Jones' widow Dorothy would get $13,394. Jones' daughter Agnes M. Nathanson, and his two sons, G. Paul and Walter S. Jones, would each get $32,317. His five grandchildren would get $2,000 each.

The widow, Dorothy C. Jones, has hired attorney Robert M. Davies of Los Gatos to contest the suggested distribution. She contends not all the assets of her late husband's estate are included in the petition for final distribution. For example, she claims that Jones had a partnership interest in Matt A. Graham and Associates and also some corporate stock in Caterpillar Tractor Co.

Mrs. Jones, who married the late county clerk in January of 1953, maintains she is entitled to one-half the estate.

In his last will, Jones left his widow his insurance, household furniture and all his retirement benefits as a county employee. He left $2,000 each to his five grandchildren, and the balance of his assets to be divided equally among his three children.

A hearing on the final distribution is set for May 13 in Marin Superior Court.

### Dutch Princess Dines In Marin

Princess Beatrix Wilhelmina Armgard of the Netherlands returned to Marin County last night to have dinner at Ondine in Sausalito.

Federico Martinez, one of the Ondine owners, said he was told by one of the 10 persons in the prinecss' party that the princess would dine out only one night during her three-day stay in the Bay Area.

The princess, accompanied by Mr. and Mrs. J. D. Zellerbach of San Francisco, ate squab Montmorency, quenelles and crepe suzettes. She was served one of Zellerbach's own wines, a 1957 Chardonay.

Earlier in the day the princess and her party toured Muir Woods National Monument.

## Tomales Building Condition 'Better'

The Tomales High School main building is in much better structural condition than has been reported, architect George Quesada of San Francisco told the Tomales High School District board last night.

Quesada, now in the first phase of a three-phase study of needed improvements to the Tomales plant, said his preliminary inspections showed "conditions better than assumed earlier." He said he had so far found no dry rot nor termite damage.

In another move toward upgrading the high school, the board approved creation of a citizen curriculum study committee, with members to be selected within one month.

Supt. Anthony Matulich reported the county superintendent of schools office has agreed to contribute $2,500 toward a professional study of the Tomales curriculum—up $1,000 from an earlier agreement.

The board also granted a raise of two per cent for those teachers at the top of the salary scale, now getting $8,808 a year. A revised pay scale for non-teaching employees was adopted which includes an average increase of $10 per month.

Ernest Cassity was employed as fulltime custodian-bus driver. He has been a part-time employee.

## Airliner, A.F. Jet In Near Miss

CHICAGO (UPI)—Continental Airlines said today a jet airliner carrying 61 persons had to take sudden evasive action 29,000 feet over Nebraska to avoid colliding with an Air Force jet tanker.

Both Continental and the Air Force said the Federal Aviation Agency has assigned altitudes of 29,000 feet to their planes.

The FAA in Washington said it was investigating the near-collision.

Continental said pilot William Hart was flying the Los Angeles-to-Chicago 707 Boeing jet over Grand Island, Neb., at 1:08 p.m. (MST) yesterday when he saw that he was on a collision course with a KC-135A jet tanker cruising at the same altitude.

Hart threw his jet into a sharp, climbing left turn, allowing the jet to pass under his wing, Continental said. He had no time to sound a warning, but none of the 53 passengers or eight crew members was injured.

The pilot was quoted by a Chicago newspaper as telling the passengers over the plane radio "it was as close a near miss as you can have."

### Two Injured In Rear-End Crash

Two persons were injured in a rear-end auto accident on Sir Francis Drake Boulevard 200 feet west of Wolfe Grade Road late yesterday, the California Highway Patrol reported today.

Nancy Ann Rice, 22, San Francisco receptionist, was to see her own doctor after her car was struck by one driven by Paraccos Kalogiannis of 15 Rutherford Avenue, San Anselmo, about 4:40 p.m.

# Marin Pastor's Tax Stand Unlikely To End War Threat

The bold step taken by San Anselmo's Rev. Karel F. Botermans will, undoubtedly, strike a responsive cord in the minds and the hearts of many thousands in Marin, and elsewhere.

For, everyone loves peace. And, no one enjoys paying high taxes to finance a war machine, however necessary.

But, unfortunately, the Rev. Mr. Botermans has embarked upon a one-man program of passive resistance. Running up a dead-end street, perhaps.

We agree with the Rev. Mr. Botermans in principle. We, too, would like to see a realistic and workable international disarmament program — one which would end the threat of devastation of the human race.

We agree that his aims and sincerity in declining to pay 61 per cent of his income taxes because this share of the federal budget goes into the nation's war machine, are commendable. But, we must be more realistic. The chances of realizing his objectives are highly improbable. At least for another century. The Rev. Mr. Botermans, who became minister of the Unitarian-Universalist Church of Marin a year ago, has taken the wrong approach.

Attainment of his objectives seems especially difficult when it is recalled that three times since the turn of the century, international disarmament agreements have been reached, and war formally renounced. But, these worthy steps failed to prevent World War II, or the subsequent Korean police action and the "limited wars" since "V.J. Day."

Militarily, our weakness was the major factor prompting the Japanese war lords in their infamous attack on Pearl Harbor. Had Tojo fully realized our weakness on that fateful Dec. 7, 1941, he probably would have landed a task force in California. And, he might have made it stick, temporarily.

Conversely, the military strength of the nation forced Soviet Dictator Khrushchev to back down when President Kennedy challenged the Russian action in arming Cuba last year.

Military strength will do more, in the final analysis, to deter a potential enemy than it will to start a war. In the words of the late President "Teddy" Roosevelt, we must remain strong, and wave the "big stick," even though we may not relish the thought of high taxes to pay the bill.

For, unless America remains militarily strong, and leads from strength at the international conference table, our future as a free people will be in jeopardy.

## THREE MINUTES A DAY

**MEN TAKE UP NURSING**

Four men embarked on a 3-year hospital nursing course although they were outnumbered 37 to 1 by their female classmates.

Small as this enrollment of men is, it is still the largest in the history of the General Hospital's Nursing School in Winnipeg, Canada.

The woman director said more men should consider nursing as a lifetime occupation. "We're certain they will find satisfaction in this particular work," she commented.

Most people wish to do more with their lives than merely earn a living. They instinctively feel they should be "putting into" life as well as "taking out"—that they are contributing to the well-being of their fellow man while providing for their own daily requirements.

Only a few can embark on a full time career of nursing. But everybody without exception can devote some of their leisure time to the Christlike task of attending to the needs of those who are afflicted with sickness.

# Illusions Shattered! Scribe Manages To Even-Up Score

By DICK WEST

WASHINGTON (UPI) — The National Geographic Society is in every respect an honorable institution. It has been almost like a second father to me.

I love the Geographic and all that it stands for, but there are times when I think it is too starkly realistic for its own good. Or, at least, for my good.

Some of the information the Geographic distributes leaves me feeling sort of lost and lonely. It undermines my security by destroying my illusions.

Recently, illusions have been falling about me like so many daisy petals.

For instance, after a glorious trip to South America I returned to the old grind saying, as everyone does under the circumstances, "Well, back to the salt mines."

**THEN, I PICKED** up a Geographic press release and received a rude shock. According to the Geographic, salt mines actually are rather pleasant places to go back to.

They have mild temperatures the year around, the humidity is low and the salt crystals are pretty and shiny. Furthermore, the air is said to be good for colds, asthma and hangovers.

I still was recovering from this blow when I received another release that sent me reeling again. Sea turtles, it said, do not really weep when they come ashore to lay eggs.

Man and boy, I had accepted as pure gospel the canard that sea turtles were big cry babies. I trusted it as implicitly as I trusted the Easter bunny, the Loch Ness monster and the Abominable Snowman.

**NOW I MUST** spend the rest of my days haunted by the knowledge that a sea turtle's tears are nothing but an unemotional salt-secreting function.

You really can't blame me, then, if I leap at a chance to turn the tables on the Geographic. I am about to destroy one of its illusions as completely as it shattered mine.

The Geographic, with a false sense of security, has been operating under the impression that the biggest coin ever made was minted in Sweden in 1644. It was 24 inches long, weighed 44 pounds and would buy one horse or 70 kilograms of butter.

I'll concede that it was a pretty big coin all right, but I take perverse pleasure in reporting that the people on the island of Yap, in the Western Carolines, would have used it for pocket money.

**THE SMITHSONIAN** Institution has, in its collection, a Yap coin that is seven feet in diameter, and even it was small change to the Yaps. Some Yap coins ran as large as 14 feet.

This sort of evens me up with the Geographic as regards shattered illusions. I sincerely hope it won't be too upset and that we can go on being friends. After all, we need something we can cling to.

# Brown's Withholding Tax Plan Neared

SACRAMENTO (CNS)—The plan of Governor Edmund G. Brown to impose a withholding tax on California business and labor suffered another set-back when State Controller Alan Cranston, biggest Democratic vote-getter in the state, reiterated his opposition to the double bite in 1964.

The governor wants the withholding tax as a part of a "tax reform" program, so he says. But in the process of getting it, his legislation would force Californians to pay a year and three-quarters tax in one year. And this, it is estimated by the governor, would save him from asking for new taxes, or increased taxes at the 1964 legislative session.

Opposition to the withholding tax has been strong, not only in opposition party circles, but also among the governor's own supporters.

**BUSINESS FEELS** it has enough of a chore as tax collector for the federal government without any recompense. People generally feel the almost double tax bite would solve no state financing problems on a permanent basis, but merely would put off the evil day when some administration seeks new or increased taxes.

Cranston said:

"It is my judgment that so long as California maintains its high personal exemptions and low tax rates, and so long as the Franchise Tax Board continues its highly successful and increasingly effective enforcement, the disadvantages of withholding to employers, employees and to the state itself clearly outweigh the advantages."

Cranston does support a Tax Advisory Board, which the governor wants to make a study of finances. Also, condition of the California economy, as well as projected revenues from tidelands oil.

"I doubt," he declared, "that adoption of a withholding system would materially solve our problems after the 1964-65 fiscal year."

**FROM ALL** indications, it does not appear likely that the governor's program will get off the ground at this session of the legislature.

However, that does not mean California will avoid a withholding tax for all time, and if fact, it may be closer than business and workers think.

Should a tax commission, appointed by the governor, recommend a withholding system, it could well be that the 1964 budget session of the legislature would be geared to put it into effect.

**THIS, OF COURSE,** would mean a bigger government take from the pay-checks taken home by millions of California residents, most of whom now wonder how they will make ends meet after the federal government gets done paring down what rightfully belongs to the workers of the nation.

A state withholding tax is just one more step government is taking toward ruination of the economy.

Gypsy Rose Lee wins this week's o-pun championship by telling of a sketch she played in an old revue that called for the property man's ringing a deep gong offstage at a certain stage of the proceedings. One day the prop man misplaced his gong and in desperation shook a little dinner bell he found on a shelf. The unexpected silvery tinkle caused Gypsy to burst out laughing, and the punch line of the sketch was lost as a consequence. When she returned to the wings, Miss Lee demanded that the prop man be fired forthwith. "It's obvious," she explained, "that he an't done right by our little knell!"

"One of my most challenging wartime experiences," recalled a not-too-reliable sea captain, "came in the icy North Atlantic. I was torpedoed and lived for nine days on one can of sardines."

"Remarkable," nodded the man next to him at the bar. "How did you keep from falling off?"

The secretary to a college dean married the richest man in the state and returned triumphantly from her honeymoon literally smothered in diamonds. The dean's wife, whose nose was definitely out of joint, sniffed, "That girl has gotten too big for her brooches."

### *Sausalito Man Finds Secret Of Busy, Happy Life At 81*

When I am old—and I am half old—I want to be like Cavendish Moxon of Sausalito. He has lived. He has loved. At 81, he is still working and still walking.

A psychologist, he was born at Pontefract, England, where licorice is grown. He first became a parson but said "I didn't have a gift of gab and so my people went to sleep. I wasn't very happy."

Then he went, with his wife, to Vienna to train to be a consulting psychologist under Sigmund Freud. Freud had offered to take the Moxons but he excused himself because he was ill and was soon to be operated on for cancer of the jaw.

Freud referred the Moxons to his pupil, Otto Rank, whom they studied under. I was glad, Moxon related, since Freud's method proved to be unnecessarily long. Moxon taught in Berlin, then went to England but left because of rheumatic fever.

He moved to Los Altos where he could pick grapes outside his windows. He worked for years under the late Julian Wolfson in San Francisco and has lived seven years in Sausalito.

"The Freudians overstressed the sex business," said Moxon. "One of the main theories of Freud," he continued, "was that a lot of people are unaware of what they should know to control themselves and their destructive trends.

"Any psychotherapy is to make students more conscious of these things whereas before they tried to hide them from themselves.

"A lot of educated people no longer can use religious organizations for getting help," said the psychologist. "That's why Freud had to do that. There was a need.

"I have been able to save a lot of marriages where there are children," he added, stressing the importance of this.

Moxon likes gardening but his chief pleasures are hiking and bird study. "Today," he said, "I went through Deer Park at Fairfax and over the hill to Ross. I took along a lunch in a knapsack."

He said he has been feeding the wax wing birds who winter in his garden for the berries. Then he showed us a cabinet full of British bird eggs he couldn't leave behind when he came to the U.S. 30-odd years ago. Each drawer had compartments, each compartment a pad of cotton, each pad an egg and a label. Thrush, blackbird, ring dove, oyster catcher nightingale, gull.

"I collected every one myself," said Moxon. "I blew them to get the egg out with a blow pipe. You twiddle it around and make a little round hole and then, if there isn't a chicken, out comes everything. I once got an egg inside an egg. It was a hen's egg."

He said he also had a beetle collection but gave it to the British Museum of History.

Moxon admitted he veers a little to the left, said he believes capitalism is on its way out. "Socialism is spreading," he said. "This will be the last capitalist country because it is so uniquely prosperous."

"I read about world events, am very much interested in what's happening. Times are exciting these days," said Moxon. We told him thanks for the visit and left him with his wax wings and birds' eggs.

## ROSCOE DRUMMOND

### *Continuing Defense Contract Probe Favored By McNamara*

WASHINGTON—The much investigated and sometimes harassed Secretary of Defense, Robert McNamara, and his deputy, Roswell Gilpatric, favor more and better Congressional investigation—not less.

They mean it.

If they are invited, they are prepared to testify in favor of new legislation strengthening the investigative arm of Congress to check on the huge contract decisions of the Defense Department and to put every major action under the lens of public scrutiny.

Both McNamara and Gilpatric have informed Sen. Clifford Case, (R-New Jersey), who has recently introduced bills to further these ends, that they are wholly responsive to what he has in view. They're for it.

After the uncomfortable and lacerating inquiry into the contract for the TFX, the dual-service fighter plane — which the Navy and Air Force wanted to build one way and McNamara another —this is an unconventional response.

And a welcome one.

**BUT, McNAMARA** is an unconventional public official. He is confident without being arrogant. He has sufficient self-confidence to be willing to adopt a policy of timely and total disclosure.

If I understand McNamara correctly, he is saying that if Congress wishes to set up the machinery for fuller, continuous, and orderly scrutiny of the huge Pentagon contract decisions, he will put the facts in its hands—and on the public record—at every significant decision-making point.

That's good, very good.

But, if Congress is to do its part forcefully and fairly, it will need to strengthen its mechanism for investigating and weighing the facts. This is why Sen. Case is proposing:

1—A special, joint House-Senate investigating committee for defense and space contracts to be made up of one Democrat and one Republican from the Senate and House Armed Services Committees, from the two Appropriations Committees, and from the Committees on Space and Government Operations.

2—A requirement that all communications affecting these contracts from any source, except the bidders, be open to public inspection. (In other words, keep the lobbyists, whether Congressional, Executive, or private, in the open.)

3—Sufficiently early and full disclosure of the basis on which these contracts are awarded to make possible the most useful Congressional scrutiny.

I am not suggesting that McNamara and Gilpatric are just panting to be investigated, that they relish nothing so much as having Congress constantly looking over their shoulders and second-guessing them.

They're not "little Lord Fauntleroys." But they know that Congress is going to investigate them whether they like it or not—so they have decided to like it. They also know that in allocating billions of dollars of public funds every year, it is crucial that they maintain public confidence. It can't be maintained by secrecy.

Congress has the right to check on how the executive branch uses the money it appropriates. But Congressional investigation ought to be continuous, not sporadic, expertly staffed, and conducted in an atmosphere of getting-at-the-facts, not just getting-at-the-culprits.

McNamara is big enough to say yes. Congress ought to take him up on it promptly.

# Brown Asks Parks Bond Issue

SACRAMENTO (AP) — Gov. Edmund G. Brown asked the legislature today to vote 19 million dollars now and place a new 150-million-dollar bond issue on the 1964 ballot to acquire more beaches and parks before it's too late.

The governor, citing the pressure on existing facilities and the steady rise in land costs, said in a special message:

"Unless we accept the challenge of long-range conservation, there may be little left in California worth saving."

Brown called for "a limited emergency purchase plan" with top priorities for beach property, especially in southern and central California. It proposes two new parks and additions to 19 existing units.

"Unless we act to save them," the governor said, "25,200 acres of prime beach and park property may well be lost to the people as a result of mushrooming subdivisions and rising prices."

Purchase of the property, he said, would permit the state to secure:

Eight miles of ocean frontage now barred to the public.

Land on which the state can later develop 2100 picnic areas and 6300 overnight camp sites—nearly enough to double present facilities.

Land which eventually can accomodate 20 million new visitors, or twice what the park system can handle now.

These proposed additions would be financed, under Brown's plan, from the state general fund and repaid from sale of bonds previously authorized to retire a 1952 loan of 20 million dollars for school construction.

The governor said the money is owed to the general fund and should be available for general fund purposes.

The 150 million in bond funds, if approved by the voters, would be used for acquisition of beach, park, recreation and historic sites. Of the total, 40 million dollars would be set aside for grants to local government to develop regional parks.

# ASSEMBLY WAKES UP— NO LOBBYISTS WATCHDOG

SACRAMENTO (AP)—The Assembly woke up today and realized it doesn't have a watchdog committee to police the Capitol's 525 lobbyists.

The news came as a surprise to Speaker Jesse M. Unruh (D-Los Angeles) who said he'd have to see about organizing one.

The failure to form a traditional lower house Committee on Legislative Representation was the result of the Senate's refusal to go along with an Assembly proposal to revise the administration of the state lobby control law.

Early in the session, the Assembly leadership thought it reached an apparent agreement with the Senate to form a two-house lobby control committee to replace the single house groups of past years.

An assemblyman was to have been chairman the first two years.

The pact was so firm that Unruh publicly said he would name as chairman Assemblyman Carl A. Britschgi (R-Redwood City) who had headed the lower house committee the past few years.

A resolution creating the new committee sailed through the Assembly but last Thursday failed to win the approval of the Senate Rules Committee. And, the upper house appointed its own lobby committee, under the chairmanship of Sen. Alvin G. Weingand, (D-Santa Barbara).

"The Senate felt we should continue to operate traditionally," Weingand said.

Unruh called the Senate's decision surprising.

"I had every indication it would be approved," he told a reporter. "I would assume we would not reconstitute our own committee."

Under the lobby control law, every lobbyist has to register with the legislature and disclose how much money he makes and spends.

The committees study the registration slips and issue certificates to lobbyists they approve.

However, there is no requirement that a lobbyist have a certificate.

# Governor Wins Point, To Get Different Colored CHP Cars

SACRAMENTO (AP) — Gov. Edmund G. Brown has learned some hard facts about his traffice safety program, but his urban affairs and library subsidy bills have advanced in the legislature.

Brown met yesterday with seven legislators and Safety Administrator Bradford Crittenden in what he called an "emergency" session to speed action on his traffic safety proposals.

There was agreement on only one of Brown's four proposals, conditional assent to one, and out-right opposition to two.

The agreed upon measure—to allow the Highway Patrol to paint some of their cars different colors—won't be a bill. Crittenden said it could be done without legislation, and Assembly Speaker Jesse M. Unruh (D-Los Angeles) suggested a joint legislative resolution of approval.

There was conditional agreement on Brown's proposal to let the patrol use radar to catch speeders.

Sen. Randolph Collier (D-Yreka) chairman of the Senate Transportation Committee, said he would agree only if, 1. the highways were divided into speed zones up to 70 or 75 mph on open freeways, and 2. the radar control zones were clearly posted.

Collier said there was outright opposition to the other two proposals — mandatory chemical tests for suspected drunken drivers, and mandatory seat belts in new cars.

Brown, however, said the meeting assured him there will be "significant action" this session on traffic safety.

His two urban affairs bills cleared the Assembly Committee on Municipal and County Government on 8-5 votes.

One measure creates a nine-member commission to pass on local incorporations annexations and formations of districts. The other establishes a Coordinating Council on Urban Policy.

Assemblyman John T. Knox (D-Richmond) author of both, said something must be done about "the hodgepodge growth in California," and denied opponents' arguments that the bills would mark an abdication of legislative powers to commissions.

The library subsidy bill, appropriating $850,000 to improve local libraries and establish new ones, was approved by the Assembly Ways and Means Committee 13-3.

Legislative Analyst A. Alan Post said most libraries in the state would qualify for the aid without raising local taxes. In future years, he said, the library subsidy could rise to 3.7 million dollars Assemblyman Jerome R. Waldie, (D-Antioch).

## Education Board Elects President

C. Paul Bettini, re-elected to the San Rafael Board of Education by voters April 8, was elected last night by fellow board members as president of the board.

He replaces Roderick P. Martinelli, who retired from the board after serving on it since 1958. Bettini's position as vice president will be filled by John M. Bagshaw.

The reorganization came after the board welcomed two new members—Walter J. Doll and Carl J. Brown. After last night's special session, held to receive bids on the E Street School property, there was a farewell party with coffee and cake for Martinelli and the other retiring member, Rex T. Silvernale, on the board since 1953.

## Series Of Talks

Mrs. Roy Corliss will begin a series of talks on "Writing Articles for Publication" at a public meeting of the Novato Writer's Workshop at 8 p.m. Thursday in Room 17 of the Novato High School.

## Bodega Hearing Is Postponed

SANTA ROSA (UPI)—The hearing on the Pacific Gas and Electric Co.'s 61-million-dollar Bodega Bay atom power plant was opened here yesterday and promptly postponed.

Mendocino County Judge Lilburn Gibson eyed the four-inch-thick file of briefs and said he would need until April 29 to read them for "background." Judge Gibson took the bench at the request of Sonoma County Judge Charles J. McGoldrick, who disqualified himself.

The Assn. for the Preservation of Bodega Head and Bay is asking the county to show cause why a use permit granted PG&E should not be set aside.

## Labor Leader Dies

NEW YORK (UPI)—Sir Leslie Plummer, 62, a Labor Party member of the British Parliament, died at New York Hospital last night within three hours of his admission. A hospital spokesman said only that death was due to "sudden illness."

## Beach, Park Land To Be Acquired

SACRAMENTO (AP) — Here's the list of proposed acquisitions and estimated cost under the new beaches and parks program outlined by Gov. Edmund G. Brown today:

**Contra Costa County:** Mount Diablo, 1.3 million dollars.

**Humboldt:** Dry Lagoon Beach, $50,000; Trinidad Beach, $300,000; Humboldt Redwoods, $550,000; Benbow Lake, $350,000.

**Imperial:** Picacho, Colorado River, $250,000.

**Los Angeles:** Malibu Lagoon Beach, 1.3 million dollars; Point Dume, $600,000.

**Mendocino:** Russian Gulch, $160,000; Standish Hickey, $250,000.

**San Bernardino:** San Bernardino Mountains, 2.6 million dollars.

**San Diego:** Carlsbad Beach, $20,000; Anza-Borrego, $200,000.

**San Luis Obispo:** Monta de Oro, three million dollars; San Simeon Beach, $450,000.

**San Mateo:** San Mateo beaches, two million dollars.

**Santa Barbara:** Gaviota Beach, $130,000.

**Santa Cruz:** Santa Cruz beaches, one million dollars.

**Shasta:** Castle Crags, $300,000.

**Sonoma:** Wilderness Park, $800,000; Mount Saint Helena, 2.5 million dollars.

## 1% Groceries Tax Asked For Schools

SACRAMENTO (AP)—Assemblyman Charles B. Garrigus (D-Fresno) today proposed a 1 per cent sales tax on groceries to provide extra money for public schools.

The tax would raise an estimated 50 to 60 million dollars a year.

Garrigus, chairman of the Assembly Education Committee, is the author of the bill to raise state school aid by 126.5 million dollars a year. Gov. Edmund G. Brown has only 55 million dollars extra for schools in his budget, and the top legislative leaders have said that's too much.

"I know the governor believes he is honor bound not to raise taxes as a result of his campaign pledge not to do so," Garrigus said, "but I think he has a higher moral obligation to the needs of this state to change his mind on this issue. . .

"I am tired of the political expediency, the procrastination, even the neglect of these basic needs."

Garrigus not only took on the governor, but Assembly Speaker Jesse M. Unruh (D-Los Angeles) as well. Unruh has suggested new revenues from night harness racing and an increased cigarette tax.

"I don't approve of trying to gamble our way to personal or economic sufficiency," Garrigus said.

He proposed that the grocery tax revenue be allocated thus: up to 50 per cent for elementary schools, up to 30 per cent for high schools, and up to 20 per cent for junior colleges, with any surplus going to the state's general fund.

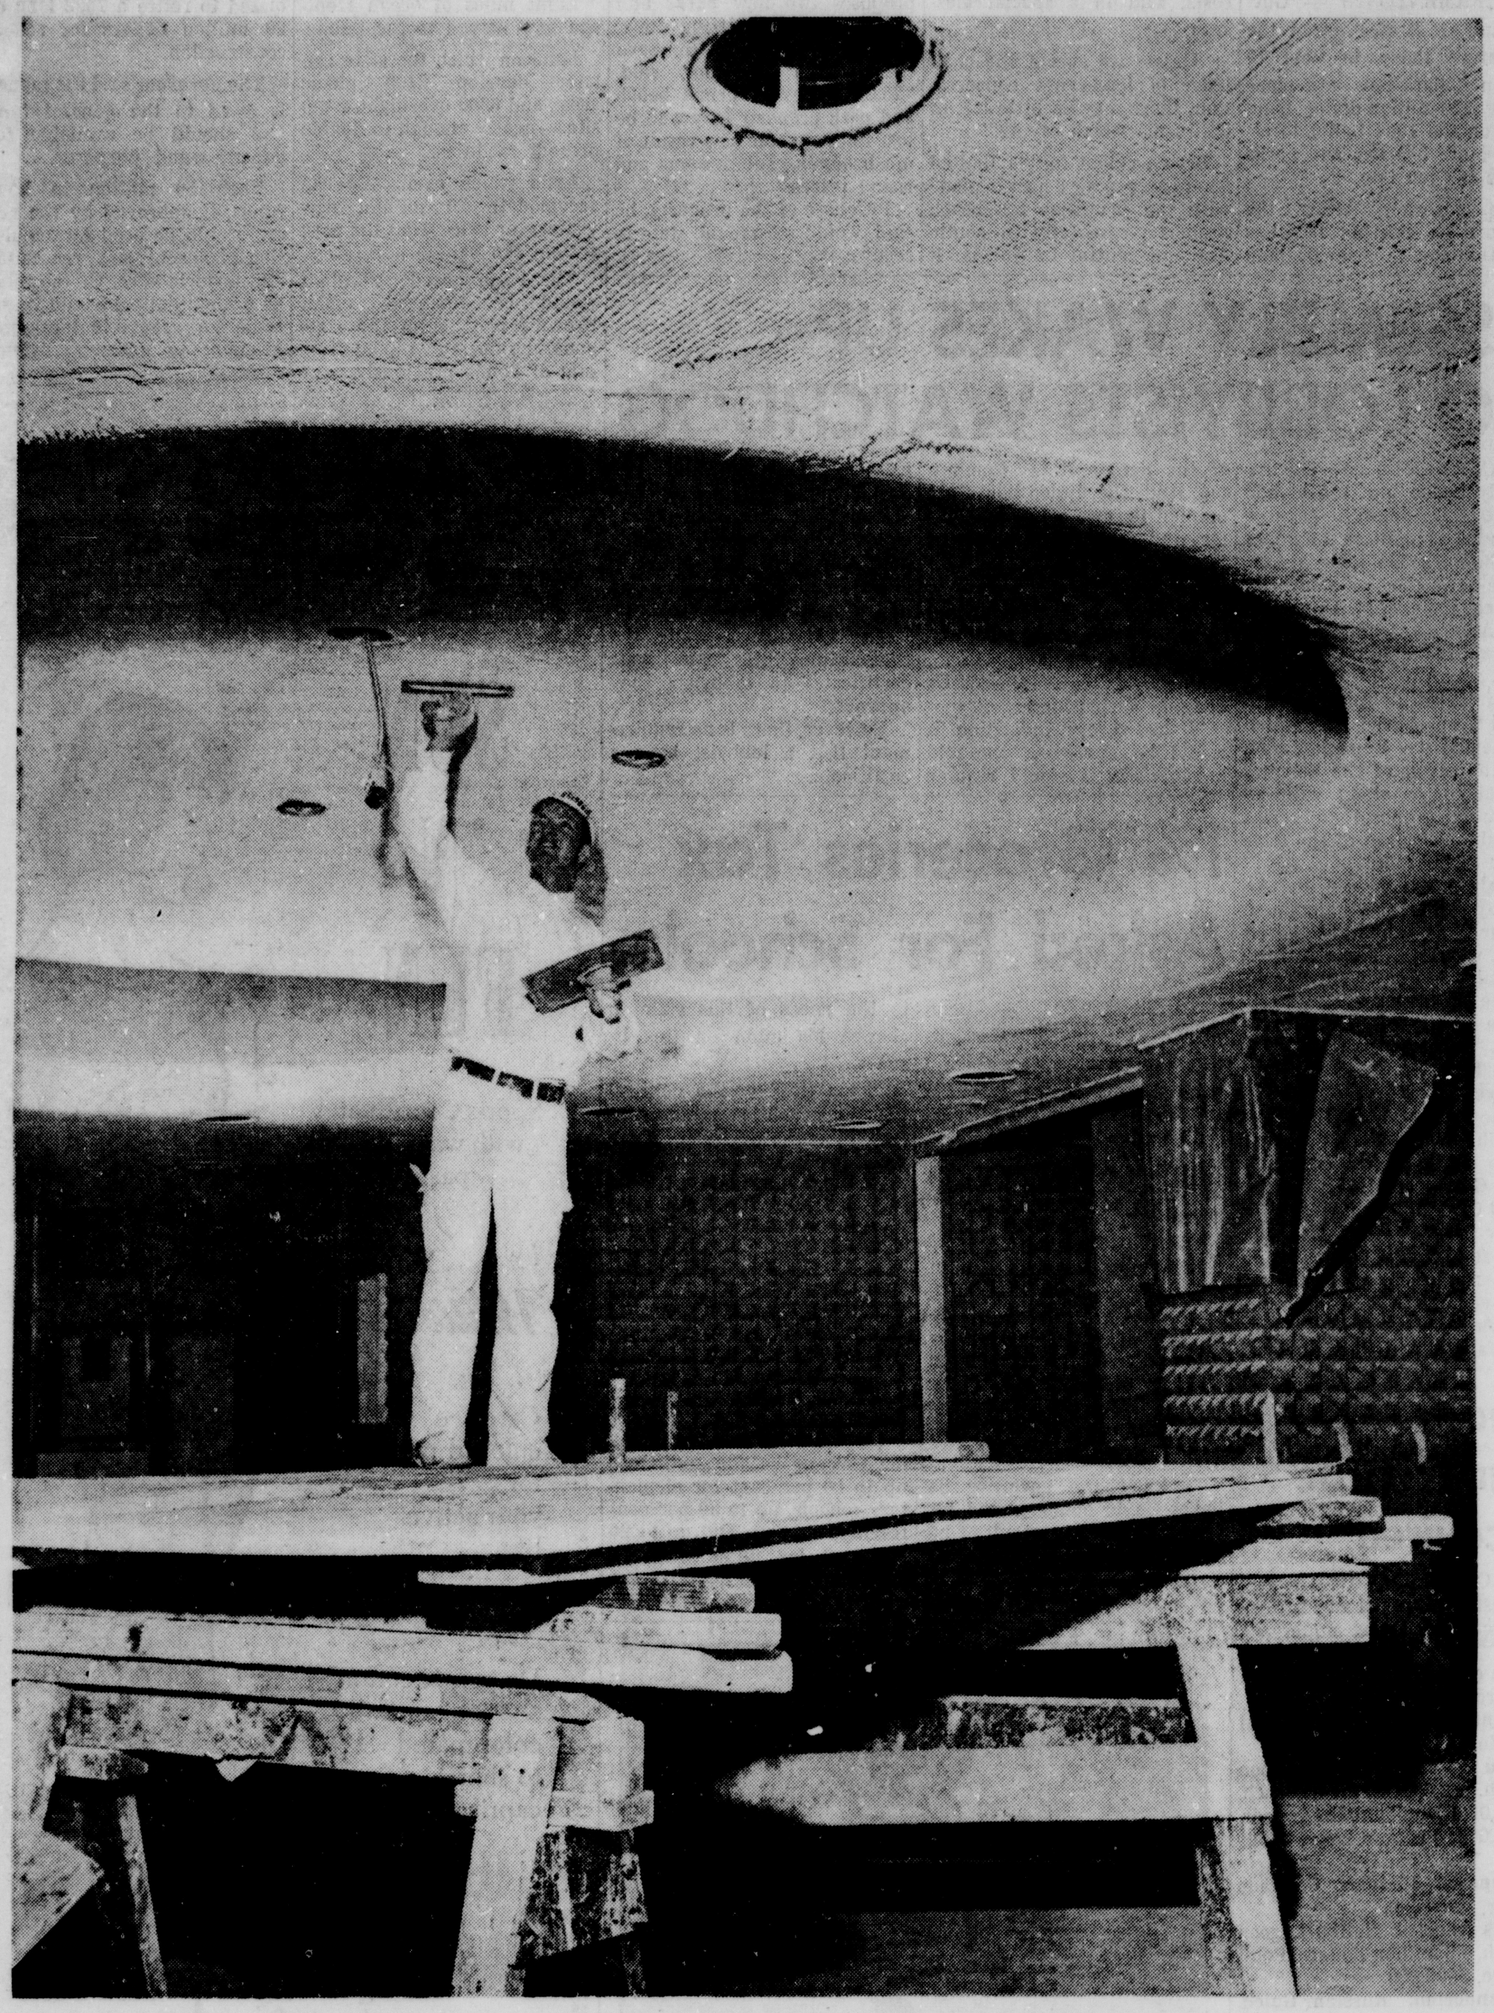
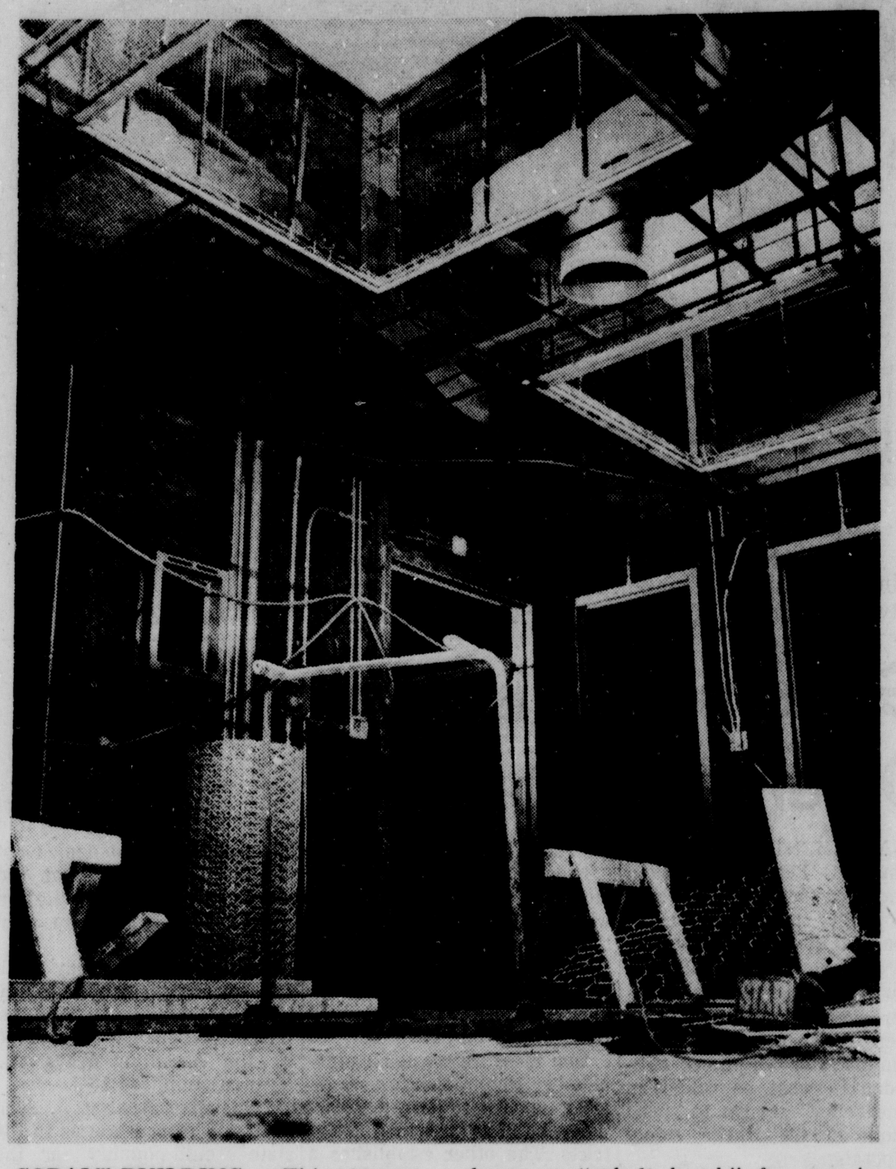
# Here's How Marin Hospital's Growing



**ENTRANCE HALL FOR ADDITION**—Workmen plaster ceiling in new entrance area of $2,500,000 addition to Marin General Hospital. The addition, known as the William Babcock Wing, will be dedicated on June 8 and will be open for public tours June 8 and 9. Present entrance to the hospital will be closed off, to become administrative offices, and the circular-effect entrance hall shown here under construction will be used for the entire hospital.



**COBALT BUILDING** — This strange looking construction will be the "cobalt room" of the $2,500,000 addition to Marin General Hospital, and will house a "cobalt bomb" for use in treating cancer. Openings on right lead to dressing areas, while wall on left is lined with lead to protect against rays.

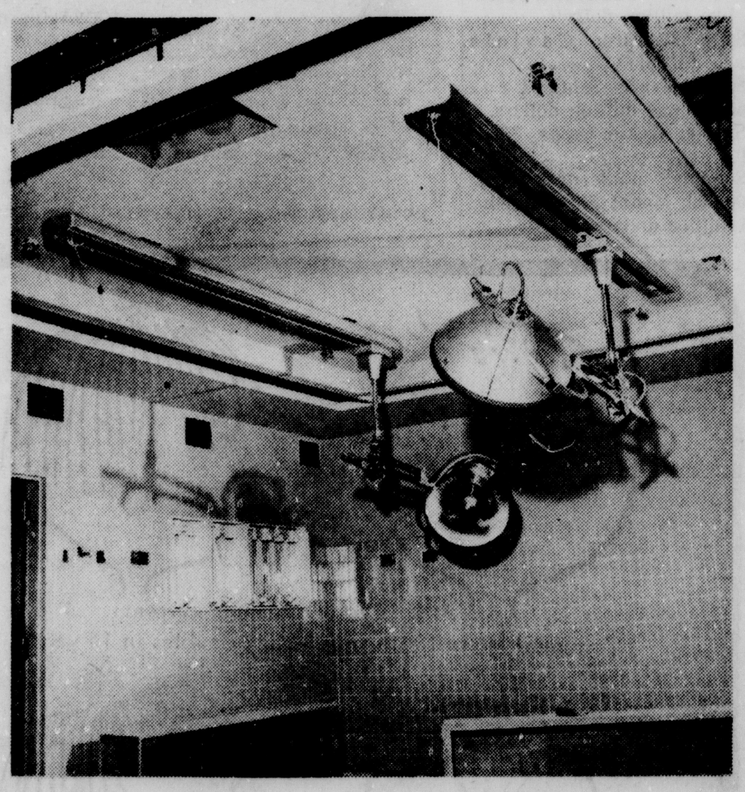
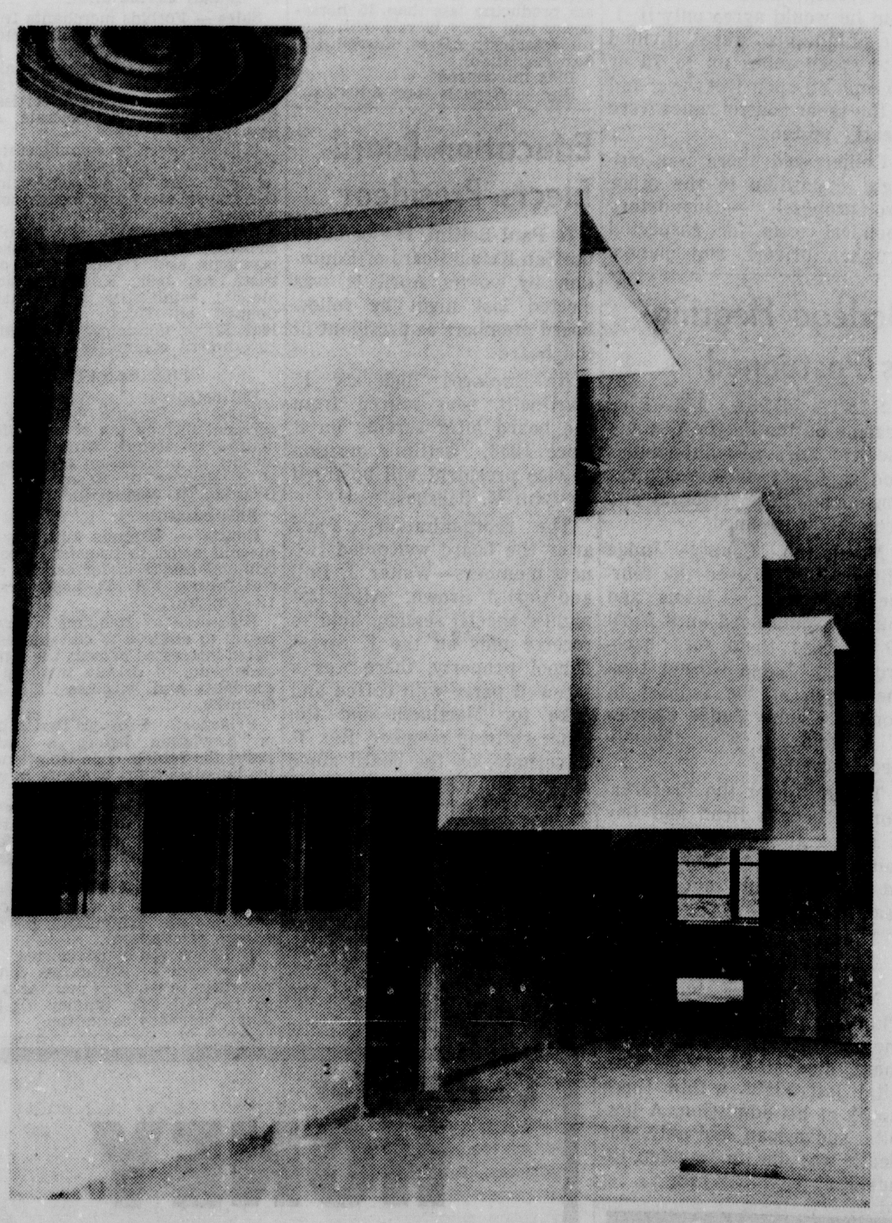
**TWO BUILDINGS IN ONE**—The new William Babcock Wing of Marin General Hospital, now under construction is actually two buildings connected by expansion joints, with the separation between them to be covered by plaster and floor tile. The divider strip is plainly seen at left in this photo. New wing was designed in this manner to be earthquake-proof.



**LAMPS FOR THE SURGEON**—Bright surgical lights are not yet hooked up in tiled operating room on second floor of Marin General Hospital's new William Babcock Memorial Wing, part of $2,500,000 hospital expansion which will be dedicated and open to public June 8. The rooms will give Marin surgeons the latest and best facilities, while the new wing will double the hospital space.



**WHAT HAVE WE HERE?**—Plastic covers for light wells are designed to provide plenty of illumination in play area of new pediatric ward of Marin General Hospital, part of the expansion now nearing completion. Wards in pediatric area will be the only wards in hospital. Among other features of the William Babcock Wing will be the only intensive care room in a hospital in Marin which was designed and built for that purpose, located near new operating room on second floor.

# Work To Begin On $900,000 Medical Center

Construction on a $900,000 medical center at Bon Air Road and Sir Francis Drake Boulevard in Greenbrae is expected to get under way as soon as the ground is dry for grading.

A contract for erecting the 599 Sir Francis Drake Building has been awarded to MacIsaac and Menke of South San Francisco. The proposed facility, a three-story concrete and brick building of 22,500 square feet, is a project of Drs. Arthur R. Ablin, Alexander H. Beaton, John W. Degenhardt, C. Ray Leininger and Eugene P. Shatkin, all maintaining offices in San Rafael.

Dr. Leininger said there will be 16 or 17 separate suites with 22 to 25 rooms. The five San Rafael doctors purchased the land, about one-half acre, from the Schultz Building Co. They will occupy the building, scheduled for completion Dec. 1. Leininger said additional space is now about 75 per cent leased to Marin professional men.

A pediatric suite and optician's shop are planned for the first floor, which will also have a open parking area. Offstreet parking will be provided on three sides of the building.

An automatic elevator and stairs at each end of the building will lead to a two-story gallery with offices on both sides.

Architects and engineers for the building are Skidmore, Owings and Merrill of San Francisco.

**RECIPE OF THE WEEK**

***Swiss Steak Special**

(Serves 6 generously)

2½-lbs. Swiss Steak
1 cup flour
1 tsp. salt
½ tsp. pepper
½ tsp. paprika
½ tsp. nutmeg
6 tablespoons Jolly oil
3 large Bermuda onions, sliced
2-3 cups water
2-lbs. link sausage

Preheat oven to 350°. Mix together flour, salt, pepper, paprika, nutmeg. Cut steak in large serving pieces. Generously coat with flour mixture, pounding the meat with edge of saucer. Heat oil in skillet and brown meat on both sides. Remove from pan and place in medium-size enamel roasting pan or large earthenware casserole. Add sliced onions to drippings in skillet. Cook, stirring often, until golden. Add to meat. Deglaze skillet with 2 cups water. Add 1 cup of this water to the meat-onion mixture. Cover and bake in oven 2 hours or until meat is tender. Check every 20 minutes turning meat and adding additional water, if necessary. In the meantime, boil sausage gently for 10 minutes. Drain and set aside. Add to swiss steak ½ hour before it is done.

## HOW TO PLAY WINNING BRIDGE

By ALFRED SHEINWOLD

### *Keep Your Eye On Right Goal —Don't Be Wrong-way Player*

Some years ago a football player ran 90-odd yards to cross his own goal line. It was a fine run, somewhat marred by the fact that it was in the wrong direction.

The same sort of thing happens all the time to bridge players.

South ruffed the first heart, drew trumps with the ace and king, cashed the ace of clubs, and got back to dummy with the nine of spades.

**10 OF CLUBS**

Declarer then led the 10 of clubs from dummy for a finesse.

There you have all the background for a touchdown. Instead, West ran off meekly in the wrong direction.

West won the club finesse with the queen and led the king of diamonds. He continued with the ace of diamonds, and that was the end of the hand.

South took the rest, scoring game and rubber.

**WASTED OPPORTUNITY**

West wasted his opportunity simply because he didn't know one goal line from the other.

The goal of a defender is to defeat the contract. Merely that and nothing else. When the contract is four spades, a defender needs four tricks to achieve his goal. Not three tricks.

West had seen that his side could get no heart or spade tricks. The club plays were crystal clear; West was going to get one club trick.

**NOT TWO**

The defenders therefore could defeat the contract only by getting three diamond tricks. Not two.

When West wins his club trick he must return a low diamond. Not the king.

What do you think South would do? The chances are very good that he will play the nine of diamonds from dummy rather than the queen. If so, East gets the jack of diamonds, and West still gets his ace and king.

Granted that South might guess right or that he might have the jack of diamonds in his own hand. If so, the contract cannot be defeated. Still, West should give it the old col-

## ALMANAC

Today is Tuesday, April 16, the 106th day of 1963.

**The moon is approaching its last quarter. The morning stars are Venus and Saturn. The evening star is Mars.**

On this day in history:

In 1862, Congress abolished slavery in the District of Columbia.

In 1917, Russian Communist leader Nikolai Lenin arrived in Petrograd from Switzerland, where he had been exiled.

In 1947, more than 500 persons were killed when a nitrate-laden French freighter exploded at the dock in Texas City, Tex.

**A thought for the day—Lenin said: "It is true that liberty is precious—so precious that it must be rationed."**

## Hats Off To The Thousands Who Work In Hunter Safety Project

STEVENS

A lucky chance directed the spotlight on James L. Paniagua, a 15-year-old student. James was presented with a certificate proclaiming him the 250,000th person to have completed a hunter safety course since the program began in 1954.

With the boy at the ceremony were his parents, Mr. and Mrs. James H. Paniagua and Harry Stearns, the instructor who gave him his hunter safety course.

It wasn't a lucky chance that spotlighted Clifton V. Dobbs at the same ceremony. It was for years of dedicated work on the hunter safety program. The citation tendered Dobbs by Walter T. Shannon, Director of Department of Fish and Game, recognized the fact that Dobbs had trained more than 5,000 youngsters and 2,000 adults since 1954.

Our hats are doffed to Dobbs and the 3,335 volunteer hunter safety instructors who have devoted large amounts of their free time to the worthwhile program.

**SPEAKING OF** hunting, at the recent Fish and Game Commission meeting recommendations for seasons and bag limits for the 1963-64 season were received . . . The same season and limits as last year with the following exceptions:

1. All but the northeastern corner of Tehama County was proposed for inclusion in the regular late deer season ending Nov. 3, with a two buck limit.

2. A Sept. 1 and 2 sage grouse season in Modoc, Lassen, Mono, and Inyo counties, with a limit of two birds.

3. Special additional mountain quail season for Sept. 1 and 2, with a two bird limit.

4. Shooting hours of one-half hour before sunrise to one-half hour after sunset for all resident small game, except during pheasant season Nov. 9-24 when shooting hours would be from 8 a.m. to 4:30 p.m. statewide.

Recommendations for deer seasons were Aug. 3-Sept. 22 for the early season and Sept. 21 to Nov. 3, for the late deer season.

The determinations meeting, when the commisison will state the hunting regulation it intends to adopt, will be held in San Francisco, April 26. Actual adoption of hunting regulations for 1963-64 will be in Sacramento on May 24.

Regulations for migratory waterfowl will not be set until the U.S. Fish and Wildlife Service submits the framework within which the commission must set seasons and bag limits.

So, with the elements of wind, rain, and rough and roily water combining to conserve our supply of fish in their wild state, how about some attention to your big game arms and the fowling pieces?

**MARIN ROD** and Gun Club's Women's Auxiliary will hold its annual rummage sale Friday and Saturday of this week at the Western Sport Shop, 902 Third Street, San Rafael, it was announced by Mrs. Evlyn Glover, press chairman.

Hours for the sale will be 9:30 a.m. to 6 p.m. Friday and 9:30 a.m. to 2 p.m. Saturday.

Mrs. Estelle Peterson, chairman, said proceeds will go to the auxiliary's conservation and scholarship funds.

The auxiliary next regular meeting will be held April 23 at the Pt. San Quentin club house. Highlight will be the ninth annual Easter Bonnet Parade with prizes for the most unusual, most appropriate and best hats hand made by members.

Next monthly fishing party for the auxiliary will be April 23, 9 a.m. to 2:30 p.m. on the club pier.

# Marin Junior Riflemen Sweep Honors

All eight of the Marin Rod and Gun Junior Rifle Club members who participated in the Northern California Junior Sectional match in Willows March 30 and 31 won trophies as the Marin entrants walked off with a total of 16 trophies.

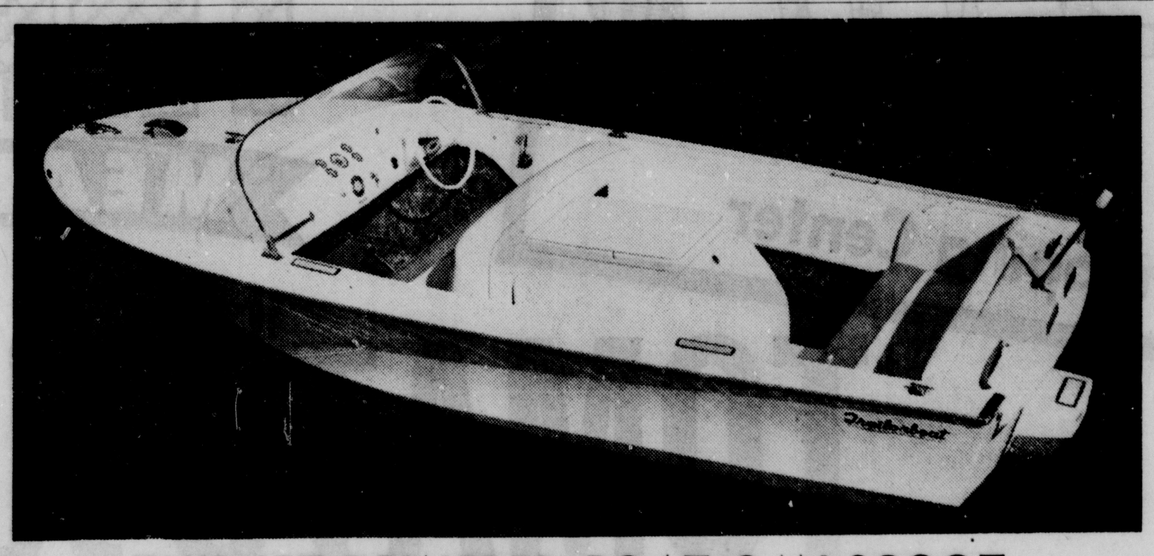
Skip Gosser of Mill Valley was top winner of the match with a score of 377 and Sherry Tuttle of Corte Madera took the top trophy for the girls' division with a score of 360.

Marin's No. 1 team took the first place trophy in the team event and the Marin No. 2 team finished the team category in second place. The two groups won team trophies, as well as trophies for each member of the squads.

Team No. 1 consisted of Gosser, Mike Pickett of San Anselmo, Joe Scheuermann of Fairfax and Miss Tuttle. The other Marin team was made up of Dan Simmons of Woodacre, Grant Tanner of Corte Madera, Linda Leber of San Rafael and Guy Davis of Sebastopol.

Other individual trophies went to Pickett, third in individual scores with 364; Miss Leber, seventh place in individual, and Scheuermann, eighth in individual competition.

There were 15 teams with 75 shooters participating in the matches.



## THIS JET-POWERED BOAT CAN SCOOT

Trailorboat Engineering Co. of San Rafael is featuring this 17-foot inboard motorboat which is equipped with a 230 horsepower engine and jet propelled by a Jacuzzi jet which enables the craft to reach more than 45 miles per hour. Because the boat is propelled by jet, there is no propellor and the boat can be driven in ankle-deep water. Price for the craft is $4,190.

# Rod'n'Gun Club Notebook

By STEVE LATO

**MARIN ROD and Gun Club Notebook:**

Our monthly Saturday night family dinners are really "cooking with gas." Attendance at the March dinner more than doubled the first affair held in February. All agree that the meal and entertainment were fabulous, and at a very nominal price . . . Winners of attendance awards at the March meeting were **Paul Davison, W. Dyer, D. Ferrarese, Hubert James, John Stirling** and **Paul Ware. Col. Frank Schaal's** membership card was drawn for the giant bait box award but, unfortunately, the colonel was not present. Incidentally, the board of directors has voted to double the bait box award, so now you can miss winning twice as much by being absent when your number is called . . . At the board's April meeting, **Milburn Zell** was welcomed as a new director, having been selected to fill **Syl Ruffino's** unexpired term . . . The following new members were welcomed into the club at last month's meeting: **Leon Brown, John Crevani, Raymond Dallara, Paul Davison, Hubert James, Robert Kaiser, Paul Kewley, Walter Koven, Charles Maher, Thomas McCarthy, Anton Nelson, Manuel Pacheco, Ralph Peterson, Albert Potter, L. C. Asmussen, Arnold Reissman, Leroy Rudolph, Albert Stoltz, Jean Whitely, Frank Wilson** and **Peter Wind.**

**COMMITTEE REPORTS:** Grounds chairman **Leo Ciucci** is calling a work party for Sunday morning, April 21. General handiwork and painting will be the order of the day. Leo can use all possible help on this project, so give him a hand if you can. As usual, luncheon will be served . . . Congrats to **Monty Marzetta** and his membership committee for the fine job they're doing in handling the increased volume of membership applicants. The paper-work alone is a chore in itself . . . The master planning committee, under chairmanship of **Bob Fagg,** held its first quarterly meeting on March 11. Many subjects of importance to the club were considered by the planners . . . **Chairman Ken Watts** of the boating committee conducted the first meeting of his group on March 13. The principal subjects considered were improvement of the boat ramp and the suggestion of a monthly meeting of boating members to exchange ideas on fishing, boating and other recreational activities . . . **Dr. Gail Adams,** chairman, sent in a very comprehensive report on the Sportsmen's Council of the Redwood Empire meeting held at the clubhouse on March 10 . . . **Chairman Art Clay** of the newly-formed publicity committee, has already conducted two highly productive meetings of his committee, March 6 and April 3. Any members interested in doing publicity work for the club should get in touch with chairman Clay or yours truly. This is an important phase of the club's activities and we need all the help we can get . . . **Judge Leonard Thomas,** conservation chairman, will hold the next meeting of his committee on Wednesday evening, April 24, at the clubhouse. Many urgent conservation matters will be included in the agenda, so be sure to attend.

**FISH STORIES:** The final week of the Schenley striped bass awards program produced 36 winners. Top winner for the entire program was a 47-pound striper taken the very first week . . . The Golden Gate Sportfishers, an organization of skippers and owners of sportfishing boats, is conducting an intensive campaign to help safeguard and enhance the salmon resource. Ask your bait and tackle dealer how you can assist in this worthy program . . .

**WITH THIS** issue we're starting a Fisherman-of-the-Month Club whereby the angler catching the biggest fish on the pier each month will receive honorable mention in this column. In order to be considered you must, of course, record the weight of your catch when leaving the pier. Be sure to enter the vital statistics in the keeper's log book or you cannot qualify. For last month the honors go to Joe Capello for his 9-pound striper taken March 24.

## Rouse Outpoints Niblett In S.F. Boxing Feature

SAN FRANCISCO (AP)—Roger Rouse of San Francisco easily outpointed Frank Niblett of Monterey in the feature of four scheduled eight-round bouts at Kezar Pavilion last night.

Rouse weighed 170 and Niblett 168. There were no knockdowns. Referee Jack Downey was the sole official and gave all rounds to Rouse.

In other bouts:

Winnie Schelt of Canada, 144, was leading Robert Allen, 138, of San Francisco when he suffered a cut near the eye and became a TKO victim in the seventh.

Harold Mann of Prince George, B.C., 163, stopped Charley Hall, Phoenix, 158, in the fourth.

Al Chalot, Lundy, B.C., 128, stopped Cleo Eloby, Oakland, 128, in the fourth.

## Deer Depredation

Some 1,827 deer were taken under depredation permits in California last year, down substantially from the 2,484 taken in 1961. Over half the deer were taken in the Central Coast counties.

## Marin Group To Attend Meeting On Fish, Wildlife

Marin Rod and Gun Club's conservation committee will have representatives at Friday's meeting of the California Water Commission when a public hearing is held on fish, wildlife and recreation in the Delta area.

The meeting will be at 10 a.m. at the Public Works Building in Sacramento. According to members of the committee, the meeting will be of utmost importance because of possible industrial development and expansion of urban facilities which could cause loss of wildlife and recreational areas.

## Check For $1,320 —Fishing Licenses

A single check for $1,320 was sent to the Department of Fish and Game for 330 fishing licenses recently, largest individual purchase of fishing licenses in DFG history.

The check was from Burroughs Corp., and the licenses will allow 330 Burroughs employees to go fishing in the Salton Sea during a Palm Springs sales meeting.

# Officials Report On Trout Plant Program

Approximately seven to eight million trout are planted in California every year, it was reported recently by officials of the California Department of Fish and Game.

Representing the department at an open meeting on April 4 at the Marin Rod and Gun Clubhouse were Willis Evans, Jack Allen and Ward Gillilan.

Of the many fish planted in the state, Region Three—which includes Marin County—gets approximately three-quarters of a million. There are no hatcheries in Region Three, as the source of supply comes chiefly from the Shasta area and the San Joaquin Valley, it was pointed out by the DFG officials.

Evans explained that the department's planting program is motivated primarily by the "heavy use pattern" whereby the time and frequency of plantings are determined by corresponding periods of large numbers of fishermen.

He commented on the department's budgetary limitations which must control the quantities of fish planted, and outlined many logistics problems involved in transportation of the plants by truck.

After Evans' report the meeting was devoted to a question and answer period.

"In view of the mutually profitable nature of the session, the Marin Rod and Gun Club is pleased to have sparked interest in the open meeting," said president Albert Ferrari.

## Marinite Is Elected To REA Office

The Marin Rod and Gun Club was host last month to the business meeting of the Sportsmen's Council of the Redwood Empire at which Dr. Gail D. Adams of 129 Elm Avenue, Larkspur, was elected vice president.

Included in the business covered at the meeting in the Marin Rod and Gun Clubhouse were subjects relating to preservation of wildlife and enhancement of recreational facilities.

Sonoma County sportsmen presented a report of the present status of Dry Creek Dam and the skin divers of Sonoma suggested that part of the Russian River be opened during the summer months for spear fishing of rough fish, but not game fish. This was endorsed by the SCRE.

Salmon Unlimited reported on their continued progress on studies extending over a period of eight years. Also reviewed was the legislative program of California Wildlife Federation.

Other Sportsmen's Council of the Redwood Empire officers elected were Glen Carbrey of Mendocino, president, and Marie A. Julian of Sonoma, secretary-treasurer.

Next meeting of the SCRE will be held in Sonoma County on May 19.

## Limit Placed On Family Dinners At Rod-Gun Club

The next monthly dinner for members of the Marin Rod and Gun Club and their families will be held Saturday, and chairman Ray Augusto announced there will be a limit of 150 persons because of the high number attending the previous dinners.

Saturday's dinner at the clubhouse will start at 7 p.m., with a social hour beginning at 6 p.m. Price of tickets will be $2 for adults and $1 for children under 12. Tickets must be purchased or reserved in advance and none will be sold at the door.

Tickets can be obtained from club secretary Paul Ware or at the West End Market, Lincoln Bait Shop and Western Sport Shop.

The last dinner was held at the clubhouse on March 18, with musical entertainment supplied by Joe and Barbara Faustine and their son, Lee.

# Conservation Meet Slated Next Week

A meeting to consider forming a Marin Conservation Council will be held April 24 at 8 p.m. at the Marin Rod and Gun Clubhouse at Point San Quentin, it was announced today.

Present will be representatives of the Marin Conservative League, Marin Audubon Society, Save San Francisco Bay Assn., Marin Rod and Gun Club conservation committee and the Department of Fish and Game, as well as hunting and fishing enthusiasts.

Considered will be Senate Bill 339, now pending before the Assembly in Saramento, which would permit the taking of sand from the Potato Patch outside the Golden Gate Bridge. Conservation officials have been fearful that the recreational and conservation areas of Marin may be endangered by wholesale development.

Representatives of the Marin County Parks and Recreation Commission have been invited to attend as observers. The meeting will be open to the public.

## FISH 'N' GAME MAN TO SPEAK AT MEETING

Highlight of the regular meeting of the Marin Rod and Gun Club Friday night will be a discussion by Willis Evans of the California Department of Fish and Game on "What Is Happening to San Francisco Bay?"

The meeting will start at 8 p.m. in the clubhouse at Point San Quentin.

Included in Evans' talk will be a series of color slides on the subject. The program is designed to relate current adverse conditions in the fields of conservation and outdoor recreation. With time permitting, there will be a color film entitled "Bass in the Hand," shown to the audience.

All members are urged to bring their families and friends.

## Man's Best Friend

A Belmont resident arrested recently for taking pheasant out of season was fined $50. He told the game warden that he was training his dog and not hunting. Just as the warden started to drive away the dog appeared—carrying a pheasant.

WELCOME HOME, CHAMPS—More than 100,000 fans lined Montgomery Street yesterday as San Francisco gave a rousing welcome home to their beloved Giants, National League champions. The auto parade ended at Civic Center where the players were introduced. (AP Wirephoto)

# No Surgery Planned For Matty

## Alou Out Indefinitely; To Get Daily Treatment

Matty Alou, utility outfielder for the San Francisco Giants, will be out of action an indefinite period because of his injured right knee. But surgery is not currently contemplated.

Dr. Floyd Jergesen reported to the Giants there was indication of cartilage damage but he did not recommend an operation at this time. Instead, Alou will receive daily treatments from trainer Frank Bowman.

The player from the Dominican Republic first hurt the knee in an exhibition game at El Paso, Tex., on March 17. He reinjured it in a pre-game drill at Houston on Thursday night.

An operation probably would have put him out of action for the season.

Meanwhile, Candlestick Park was sold out today as the Giants returned to their home stadium to raise the 1962 National League pennant and open a three-game series against the Houston Colts.

For nearly a month, all the reserved grandstand and box seats for the home opener had been gone and unreserved tickets were gobbled fast thus insuring a throng of 42,000 as veteran southpaw Billy Pierce of the Giants opposed righthander Bob Bruce.

The Giants came off their first road trip with a 4-1 record and a tie for first place with Pittsburgh and Philadelphia. The Colts, after losing three to San Francisco, came back to cop a series from Los Angeles, two games to one.

Seven weeks ago, with the Giants still training in Casa Grande, Ariz., Manager Alvin Dark had nominated Pierce to hurl the home opener.

His reason was obvious. The 36-year-old left-hander, who came over from the American League after the 1961 season, hasn't lost a decision in Candlestick while winning 13. That included 12 during the National League race and one against the New York Yankees in the World Series.

Perhaps the veteran's best performance came in the first game of the National League playoffs when he blanked the Los Angeles Dodgers on three hits in an 8-0 victory. As a reliever in the ninth inning of the third game, he put the Dodgers down in order at Los Angeles, to preserve the 6-4 triumph and the pennant.

San Francisco's batters aimed at renewing the bombardment they laid down at Houston in this season's opening series as they won 9-2, 8-7 and 7-1. Bruce started the second game but a blister on his finger forced him out of action.

With the season just five games old, Willie Mays, Willie McCovey, Felipe Alou and Orlando Cepeda have each connected for a pair of homers.

Dark has stuck with one batting order for the Giants and will do it, he says, as long as righthanders hurl for the opposition. The Giants order has Chuck Hiller 2b, Jim Davenport 3b, Mays cf, McCovey lf, Cepeda 1b, F. Alou rf, Tom Haller c, and Jose Pagan ss.

Bill O'Dell, another left hander with one triumph against the Colts already, hurls the second game of the series and righthander Jack Sanford the third.

Although the Candlestick outfield was too wet from recent rains to allow workouts Monday, head groundskeeper Matty Schwab termed it playable.

The weatherman called for clear but windy conditions.

# Mets Go Backwards

By ASSOCIATED PRESS

The New York Mets lost again, but there's no PANIC! It's more like !CINAP

There's no other way to spell it out for a team that is continually moving backward.

The Mets moved forward for 8⅔ innings plus two strikes yesterday, then Lee Maye shoved them backward by shoving his bat in front of a fat pitch for a two-run homer that gave Milwaukee a 4-3 victory in the only game played in the majors.

From 72-year-old Casey Stengel, the grizzled, backward-speaking manager, to 18-year-old Ed Kranepool, the rookie outfielder, the loss was a morale-mauler, bringing back the memory of last year's dismal start that never ended.

Against the Braves, the Mets massed their heaviest artillery and boomed out 12 hits, they committed only one error, they led going into the ninth, they were one strike away from victory when Tracy Stallard fired to Maye.

Stallard, it is remembered, has been through some of this before He's the pitcher who served up home run No. 61 to Roger Maris.

The defeat left the Mets with an 0-6 record, dropping them 4½ games back of the National League leaders. They are, naturally and uncomfortably, situated in the cellar.

They're still three defeats away from duplicating last year's opening nine-game losing string and they're still 11 defeats from matching their record 17-game losing streak, but they won't come any closer to digesting victory without tasting it.

Shutout for six innings by Bob Shaw, the Mets struck back in the seventh . . . and everything worked. Tim Harkness and Ted Schreiber started going with singles.

Stengel went to his bench. Marv Throneberry came up—and singled. Stengel went back to his bench. Cliff Cook came up—and singled. Each pinch hit drove in a run.

In the eighth, the Mets snapped the tie on singles by Kranepool and Duke Snider, a walk to Jim Hickman and a sacrifice fly by Harkness.

Unfortunately they had to play the ninth. Stallard, working in relief of starter Al Jackson, got Ed Matthews and Joe Torre to open the inning. One out to go. Stallard got ahead of Maye 1-2. One strike to go.

Then Maye struck.

The Mets will try again tonight at Cincinnati.

## Revolver Club To Hold Matches

The Tamalpais Revolver Club's monthly invitational matches will be held Sunday at the San Rafael Police range, authorized by the National Rifle Assn.

The matches will start at 10 a.m. with four events scheduled. Entry fee is 50 cents per match. Awards will go to the first three places in each of the four matches.

## OWENS SUES THE 49ERS FOR INJURIES

SAN FRANCISCO — Ex-San Francisco 49er R. C. (Alley Oop) Owens brought his former employers before the California Industrial Accident Commission Monday.

He asked financial compensation for injuries he says he suffered while playing for them during the 1960-61 seasons.

Robert Maclean, attorney for the two insurance companies covering the San Francisco team, denied Owen's claim of impaired ability.

Owens, 28, told commission referee Zero Shapeero he suffered a shoulder injury twice and a "hyperextended knee" once.

## San Diego Okays S.F. Challenge

By ALFRED MATSON

As expected, the San Diego Yacht Club has formally accepted the challenge of the Belvedere-based San Francisco Yacht Club for the Perpetual Trophy.

The K-40 class, Kay Too, owned by Glenn Waterhouse, was specified as the challenging boat and the southland defenders, in their letter of acceptance, agreed to make it a boat-for-boat race with a yacht of the same class in the role of defender.

The date of this classic event and other details will be settled shortly at a meeting of the race committees of the two clubs. Presumably it will be held in late July as there will be no confliction with local race dates for either club at that time. While the choice of skipper for Kay Too is still a moot point, it appears that both Waterhouse and Jake Wosser will be aboard to share the responsibilities.

# Ewbank Signs With 'Titans'

NEW YORK (AP) — "I've seen sicker cows than this get well," said Weeb Ewbank of his new charges, the New York Jets—nee Titans—of the American Football League.

Ewbank, who turned a "sick cow" into a championship team at Baltimore and then was fired after a nine-year stay, became the coach and general manager of the re-named Jets yesterday. The announcement was a formality for the story had leaked into the papers days earlier.

The new owners of the Jets, a five-man group headed by Sonny Weblin, president of Music Corporation of America and a director of Monmouth Race Track, are attempting to wipe out the last reminder of the sad sack Titans. They bought the bankrupt club from Harry Wismer last month for $1 million. The signing of Ewbank to a three-year contract for a reported $100,000 was their first big move.

"I have seen a couple of movies of the club last year," said Ewbank. "I don't know a lot about the players. But I don't think they are any worse than the Colts when I took over (after a 3-9 season in 1953). I'll feel right at home. I'm used to challenges. We won't panic. It will take time to sit down and analyze our problems.

"In Baltimore I said it would take five years to make a contender. We took five years and eight minutes (referring to the Colts' overtime victory over the New York Giants in 1958). Our aim is to beat the record of the Colts."

Ewbank, a chunky man of 55 years with an enthusiastic outlook on life, knows he faces many problems. He is aware that the old owners did not sign a single draft choice last fall. He also knows the club has a 5-9 record and finished last in its division.

## New Boxing Safety Rules To Be Tested

NEW YORK (AP) — New safety rules adopted by the New York State Athletic Commission, including shorter rounds in preliminary fights, a fourth ring rope, 10-ounce gloves and a doctor at each corner who can stop the fight, will be used for the first time tonight at Sunnyside Garden.

## Lema Dropped To 8-1 On Vegas Golf Price List

LAS VEGAS (UPI) — Tony Lema, the hottest newcomer to the professional golfing circles, today was dropped to 8-1 in the price list on the $60,000 Tournament of Champions scheduled May 2-5 at the Desert Inn Country Club.

Lema, who opened at 15-1, was shaved to 8-1 as a result of his fine play in the recent Masters tourney in which he finished second to Jack Nicklaus. Lema is now a co-third choice with Gary Player and Billy Casper Jr.

Nicklaus and Arnold Palmer remained 4-1 co-favorites.

SAN MATEO (AP) — More Ability $4.40 got up in last stride for a nose victory in Giants Purse at Bay Meadows yesterday.

## Tars Rained Out For 13th Time

College of Marin's doubleheader against Yuba College today at San Anselmo's Memorial Park was postponed because of wet grounds, Coach Ed Grimm announced this morning.

It marked the third time the Marin-Yuba competition was postponed by weather this season and, in all, Marin's 13th rainout.

The twin-bill was rescheduled for next Wednesday. "Weather permitting," growled Grimm.

Pitcher Ray Herbert of the Chicago White Sox handled 71 chances without an error last season.

## Some Wrestling To Be Considered Fake By Senate

SACRAMENTO (UPI) — The state Senate has agreed to recognize some wrestling matches as faked.

By a 36-0 vote yesterday, the upper chamber approved and sent to the Assembly a bill by Sen. Luther E. Gibson (D-Vallejo) spelling out the difference between wrestling contests and exhibitions.

Under the measure, a wresting exhibition is where the winner was selected in advance. This cannot be advertised as a "contest."

The bill exempts wrestling exhibitions from legal prohibitions against "sham or fake contests" which make it illegal to give participants in sporting events money to lose.

# Clinton, Haggadone Top Scorers At Nave Lanes

## *Emporium Groundbreaking Marks Start Of Largest Shop Center*

Groundbreaking for the **Emporium** this morning marked the official start on the largest single venture projected for the **Northgate Regional Shopping Center.** For that reason it made good newspaper copy.

But more work has already progressed in this development than meets the casual eye. Site grading for the center is now 80 per cent complete and is expected to be finished by June 1. At that time grading contractors **Syar and Harms** will have moved more than one million cubic yards of dirt and half a hill. Cost of this phase of the work: $700,000.

**ORGANIZERS** of the **San Rafael Savings and Loan Assn.** report that in less than four weeks they have obtained over $700,000 (sheer coincidence) in subscriptions to capital from more than 550 Marin County people. Formal application for a charter will be made when another $100,000 has been added. The association has temporary headquarters at 1010 B Street, San Rafael.

**KEN FLINTON** of San Francisco has been appointed representative in Marin for **Moore Business Forms. Gary Bainbridge** of Oakland is expected to join Flinton at the San Rafael office shortly. The Marin territory was formerly covered by **Warner H. (Doc) Marshall** who has been transferred to Chico to boost sales in that fast growing area.

**D. R. RITCHEY,** moving from Kansas City, has been appointed director of transportation for both the western and central divisions of **Greyhound Lines,** with headquarters in San Francisco. He and his family will reside in Greenbrae. Ritchey joined Greyhound as a rate clerk in 1936. Until four years ago he had been in various supervisory positions for the company in the southwest.

**TRENDS.** Structural steel used in western home construction went up 50 per cent last year from 1961 tonnage. Increased architectural acceptance and lighter weight sections are considered responsible . . . Japan's industrial production in 1962 increased 90 per cent in four years. Italy's rose 50 per cent, that of the U.S. 28 per cent . . . Installment credit is now averaging 15 per cent of after-tax income. Some feel this is too high . . . More capital expenditures in industry are going toward automation — 18 per cent last year, possibly 19 or 20 per cent seen for this year.

**MARIN STATIONERS** has reopened in a larger store and with larger stocks at 1224 Fourth Street, San Rafael, across the street from its previous location.

## Parking Lot On Schools Agenda

A request for approval of a road and parking lot partly on Henry C Hall School grounds will be considered by the Larkspur School District board at 7:30 p.m. today in the district office, 20 Magnolia Avenue.

City Mgr. Ronald E. Piper wrote the board the parking problem of Boardwalk 1 residents will worsen if something is not done. Residents are cooperating with the city to halt parking of about 50 cars on Doherty Drive.

The trustees will also discuss a personnel handbook for teachers, said Supt. Milton S. Cohen.

# Novato To Have 70-Bed Hospital

A new, 70-bed convalescent hospital will open at 830 Tamalpais Avenue in Novato on May 1 under administration of Mrs. Elizabeth Sovulewski of San Rafael.

Alderson Convalescent Hospital, constructed of field stone and wood, is in the shape of an "X" with four wings branching from the administration office and recreation room in the center.

It was built by Emil and Lydia Yanke, who will lease it to Mrs. Leon Miguel of Woodland, operator of three other similar convalescent homes in California.

The hospital will be open to all doctors. It will have a staff of 35, including four registered nurses, six vocational nurses and 15 nurses aides.

Mrs. Sovulewski, a graduate of the Stanford School of Nursing, has held administrative posts at Eldorado County Hospital, Ross General Hospital, and Marin County Nursing Hospital. She has had 20 years of work with elderly patients.

## Hayakawa Plans Two Lectures

Dr. S. I. Hayakawa, Mill Valley semanticist, will give two public lectures at San Francisco Theological Seminary in San Anselmo tomorrow.

The first lecture will be at 10:30 a.m. and the second at 8 p.m., both in the Alexander Hall lounge.

The lectures are sponsored by the Seminary's Student Assn. Academic Commission. Dr. Hayakawa has been professor of language arts at San Francisco State College for eight years.

BOSTON (UPI) — City inspectors who checked 3,301 taxicab meters discovered 467 of them were faulty—all in favor of the cabbie.

## Ticket Office On Hub Agenda

Request of Western Greyhound Lines to relocate its ticket office from Sir Francis Drake Boulevard to 718 San Anselmo Avenue, off Center Boulevard, will be considered by the San Anselmo City Council today at 8 p.m. in a special meeting.

Specifically Greyhound is asking for permission to park three busses in a 120-foot red zone on Center Boulevard in front of the proposed ticket office.

The city recently purchased the present depot to widen Sir Francis Drake Boulevard.

## Novato Moose Lodge To Install Officers

A class of 19 new members will be installed into the Novato Moose Lodge Wednesday with the ritual team from the Vallejo Moose Lodge doing the installing, at 8 p.m. at Cloud Five Restaurant in Novato.

An election of officers will also be held, according to Basil Willis, secretary.

# Novato Family Has Enviable Hobby

THE FLYING KEVIN DEARTHS of Novato leave their private plane after an enjoyable weekend at Lake Tahoe. No freeway problem here—Dana, Tim, and Kevin make the trip by air in only one hour. The Dearths took up flying because riding a motorcycle was too dangerous. Dearth is vice president of Northwestern Savings and Loan Assn. in San Rafael. (Photos by Jim Kean)

By DOROTHY NEWELL

"We took up flying, because riding a motorcycle was too dangerous," said Kevin Dearth, as he and his wife, Dana, discussed their favorite hobby.

**AND THAT** hobby has become an enviable one for the Novato family as they leisurely fly to Lake Tahoe in one hour while others fight the crowded freeways several hours to get there.

Kevin, Dana, and Tim, their four year old son, use their private plane as most of us would use our car. "We haven't driven our car outside of Marin County in three years," Kevin stated.

Young Tim has become quite an experienced air traveler, too. When a trip in the plane is mentioned, he is ready with his toys, and has the back seat of the 4-place, or four seated, 175 Cessna. "When he tires of playing with his toys, he just curls up and sleeps," the Dearths said.

**THE FIRST** time that young Timmy flew, when he was just learning to talk, he said "I want down please, I want down please." But when they landed at Tahoe, he immediately said, "I want up please." So another Dearth was converted to flying.

Dearth, vice president of Northwest Savings and Loan Assn. in San Rafael began flying four years ago. For three years prior to that time, Dana and Kevin both had their own motorcycles, even belonging to a motorcycle group, "The Vagabonds." "But motorcycles are awfully noisy in a quiet neighborhood," the attractive Mrs. Dearth said.

**IT WASN'T** long before Mrs. Dearth became interested in flying, and last fall she began taking flying lessons.

"One of the reasons we moved to Novato, a year ago, was to be near the airport," Dana said. Every free moment that she has she is flying.

Harry Tollefson, her instructor, of the Tollefson Flying Service at the Marin County Airport, stated that she is a very good student.

**AFTER** several hours of dual flying, Dana had to make her first solo flight. "I was scared to death," she said. "I thought to myself, I can't do it, but after that first time, I love it."

There is a great deal of flying, dual and solo before anyone is eligible to try for their flying license. A total of at least 40 hours—20 hours solo and 20 hours of dual flying is necessary. Approximately 15 minutes is spent before each flight checking the engine gauge, which is the panel in the plane, fuel, oil, and other parts of the plane, as a safety measure. Also included in the

AT THEIR Novato home the Dearths and son, Tim, plan another trip by plane. Many evenings are spent at home charting their flying trips which have become a favorite family hobby.

## Music Chest Chairmen Plan Home Meet For Newcomers

To acquaint newcomers in the County about the Marin Music Chest's Summer Concert Series, which opens in June and runs through September, with one concert given a month in Forest Meadows, San Rafael, many district chairmen who are in charge of the subscription campaign in their immediate localities, are holding meetings in their homes during the month of April.

One of the largest events will take place Thursday at 2 o'clock in the home of Mrs. Gustave Snelling in Belvedere and will be hosted by Mrs. George Stephens, Belvedere chairman and her co-chairman, Mrs. Joseph Guilfoyle. Those attending the affair, which will be in the nature of a musicale, will be the large group of volunteer workers in the Belvedere area who are working on the subscription campaign. This is the second social event Mrs. Stephens has undertaken during the current drive.

On the evening of April 21, Mrs. David Winslow, of Tiburon, has invited friends to her home on Paradise Drive to hear about the Music Chest, and listen to a program to be given by three of last year's Music Chest scholarship winners, Wendy Eisler, flutist; Sharon Johnson, violinist and Kathleen Winslow, pianist.

Mrs. Carl Riznik, third vice president of the Music Chest, has been invited to speak before a group of music-lovers, April 25 at 2:30 o'clock in the home of Mrs. Charles Davies, Indian Valley Road, Novato. Mrs. Davies has invited friends interested in music, to meet Mrs. Riznik.

The current subscription drive runs through April, with county headquarters at Hoy's, 1133-4th St., San Rafael, open Monday through Saturday from 10 a.m., until 4:30 p.m. Music Chest subscriptions are obtainable at headquarters or through chairman and workers in the immediate locality.

## Mill Valley Club To Host Golf Luncheon

Members of the Mill Valley Women's Golf Club will be hostesses to women members of the Indian Valley Golf Club of Novato Friday.

Golf will be followed by a luncheon planned by Mrs. John J. Hurley and co-hostess Mrs. Francis Golden.

Tee hostesses will be Mesdames Frederick Fellows and Lloyd Seitzinger, assisted by Mesdames John Broman, Fred Greenland, James McGinnis, Bruno Maraccini and Jean Wegscheider. The committee will serve refreshments at various holes on the course.

## RECEPTION TO HONOR CONDUCTOR

A reception will honor conductor Sandor Salgo and members of the Marin Symphony Orchestra following their final concert on May 3.

The Board of Directors of the Symphony Guild of Marin is sponsoring the invitational affair which will be held in the Frances Young Art Gallery, Marin Art and Garden Center, Ross.

Mrs. Maurice S. Saloman of Kentfield is chairman of the reception. She will be assisted by Mesdames Edward J. Ruff, Mozart Kaufman, LeBaron Stockford, Eugene C. Lloyd, and Newton Longfellow.

Guests, in addition to orchestra members, will be members of the Marin Symphony Board and Auxiliary, patrons, sponsors, and honorary members of the Symphony Guild. Members of the Marin County Board of Supervisors, and Mr. and Mrs. Samuel Archibald of the Marin Music Chest.

# Thursday Musical To Hear Harpist

Harpist Joel Andrews will be the guest artist at a meeting of the Thursday Musical Club at 2:30 p.m., on Thursday in the home of Mrs. Ralph B. Dewey in Belvedere.

Mrs. John Lesoine, program chairman, will introduce the artist.

A native of Santa Barbara, Andrews holds a bachelor's degree in composition, a master's in harp from the Cleveland Institute of Music, and has studied with such masters as Alice Chalifoux and Carlos Salzedo. He has composed and arranged and performed music for solo harp, harp ensembles, dancers, poets, plays, radio and television. He has been first harpist wtih many symphonies under such conductors as Maurice Abravanel, Alexander Hillsberg, Sandor Salgo, and Gerhard Samuel, and has appeared as soloist with the Corpus Christi Symphony and the Air Force Symphony.

While head of the Harp Department at the University of Texas, he founded the only Annual Harp Festival in the country for which he was director, composer, conductor and soloist. In April of 1960, he organized a National Harp Festival involving 50 harpists and Carlos Salzedo.

Andrews is now on the faculty of the San Francisco Conservatory of Music and the Music Academy of the West in Santa Barbara.

A tea will follow the program with Mesdames T. Carson O'Connell and A. D. Gough in charge assisted by Mesdames James Goodale, William Vaning, N. John Anton, and Anita Parker.

Pouring will be Mesdames Cloyd Kimball, Richard Hughes, Arthur Walters and Wallace Hall.

# Karen Goodan Bride Of Skip Lauray

Colonel and Mrs. G. W. Conners of San Anselmo are announcing the marriage of their niece, Karen Sue Goodan to Renee (Skip) Lauray.

They were recently married at St. Anne's Catholic Church in San Francisco. Following the reception, the young couple left for a honeymoon at the Ahwahnee Hotel, in Yosemite.

The bride is the daughter of the late Mr. and Mrs. Charles P. Goodan. Her sister is Judith Goodan. She is the granddaughter of Mr. and Mrs. W. H. Mundt of San Diego and Mrs. Nellie Garcia of Cloverdale.

The bridegroom is the son of Mr. and Mrs. Alfred Lauray of San Francisco and the grandson of Alfred Lauray, who is active in the French Colony of San Francisco. He attended San Francisco City College, as did his bride.

Paulette Walti attended the bride and Burt Lauray stood with his brother as best man. Guests were shown to their seats by John Boahm.

The newlyweds are now living in San Francisco.

lessons is emergency landing.

**MRS. DEARTH** is one of eight women taking flying lessons at the Marin County Airport. Her husband wanted her to learn to fly, Mrs. Dearth said. When she receives her license she will help to fly the plane on long trips.

The Dearths longest trip has been to La Paz, Mexico. With one stop at the California-Mexico border, they made the 1100 mile trip in one day.

Among other places that the Dearths have visited by plane are Columbia, Catalina, Crescent City and Fresno in California and Klamath Falls, Ore. There seems to be no problem of ground transportation when they fly in to the small airports, Mrs. Dearth said. Most of the airports have some means of transportation to take the flying families into the towns. At Klamath Falls, a car is made available to all flyers for use while there. "We like to sight see and this is the most convenient way to do it," Mrs. Dearth continued.

**MANY ENJOYABLE** hours are spent at home prior to the trips, charting their routes. "When the weather is clear, on weekends, we are always flying," Dearth said. Their most frequent trips are to Lake Tahoe, where Mrs. Dearth's parents, Mr. and Mrs. Byron Turner live the year round.

**AS A MEMBER** of the Marin County Sheriff's Air Patrol, a volunteer group, Dearth flies to the various meetings of the California Air Patrol. The family accompanies him to the meetings, called fly-ins, which compare to other organization's picnics.

What trips are the flying Dearths planning in the future? More sightseeing on the West Coast and a return trip to Mexico.

## Central Marin League Group In Sacramento

Five delegates and four visitors from the League of Women Voters of Central Marin are attending the 40th State Convention of the League of Women Voters of California this week in Sacramento.

Delegates are Mrs. William C. Anderson of San Anselmo, president; Mrs. Robert Gicker of Corte Madera, vice president; Mrs. Harry Aroyan of Lucas Valley, League of Women Voters Bay Area Representative; Mrs. John Barrows of San Rafael, state study chairman; Mrs. Edwin Minneman of San Rafael, membership chairman.

Mesdames James Staley of San Rafael, Ben Solomon of Kentfield, H. J. Compton of Kentfield and Miss Mary Lee Hunter of Greenbrae will join the delegates in attending a session of the state legislature as well as the convention sessions.

## Ton-Up Costume

The ton-up kids are influencing fashion in England. The ton-uppers are youngsters who get their kicks from tearing around at high speed on motorcycles. Their uniform: boots, tight pants and leather jackets. In town, the ton-up costume takes the form of daintly-pointed leather boots rising well over the ankle and with a little heel. For casual wear, jackets and slacks, belted at the hips, continue the ton-up

## Tell Us Not In Mournful Numbers Life Is But A Television Screen

**NORMA C.** — Our TV set broke down and he wants to leave it that way!

**HAROLD C.** — At last we have a chance to talk and get some reading done.

**NORMA C.** — My husband said he'd arrange for a man to repair our broken television set. But a week has gone by and now he confesses he'd like to let it stay broken! This is a terrible hardship on the children and me, even if he doesn't miss it. The kids must run over to their friends' homes to follow their favorites. And I depend on TV to brighten my day and keep me informed. Without it, I'm back in the Dark Ages!

**HAROLD C.**—Home was never so wonderful. Norma and the kids talk to each other now and when I get home, our son reads me the letter he got from my mother. Our daughter shows me the composition she got a B plus on. But with the TV set humming away, I'd get a quick kiss during a commercial and, if it was a long one, a Hello-what's-new tacked on! And we're getting some reading done. For real information, Norma should get back to books and magazines, not count on TV.

**THE COUNCIL** — "Tell me not, in mournful numbers, life is but a TV screen," would be Harold's version of Longfellow's plea. And visitors who enter (or possibly trespass!) a television-hushed home would probably add their vote to his for more "compulsory" silence so that one can just sit around and talk.

Get the receiver fixed, Harold, but use this undistracted period to work out a pact with Norma and the children. TV can provide both information and entertainment, but unless the viewer stays glued to educational programs, he won't get much of the former—at least not as much as he'd get devoting the same time to radio, newspapers, magazines, and books.

And approaching the medium mainly for entertainment, well, that must be strictly budgeted. To drag in our revised Longfellow again, "Life is real, life is earnest, and its end is not those plays." For more getting-to-know-you time, why not ask the repairman to put doors over the screen and give the keys to Norma to use discreetly toward that end?

# White-Waschke Nuptials

Margaret Elizabeth Waschke of San Rafael was united in marriage to Calvin Raymond White, also of San Rafael, during rites April 6 at St. Paul's Episcopal Church in San Rafael.

The bride, the daughter of Mr. and Mrs. Robert Steingruber of San Rafael, wore a wedding gown of silk organza with fitted bodice re-embroidered with Alencon lace. The skirt was of ruffled tiers of organza.

The Rev. John Riley officiated during the double ring ceremony.

Serving as maid of honor was Susan Olson of San Rafael. She and the bridesmaids, Kathyrn Scott and Judi Vincilione, also of San Rafael, wore street length pink dresses with scooped necklines and bell shaped skirts.

Nancy Bormolini of Novato was flower girl.

Best man was Barry Boe of Novato. Gary Henderson and Thomas Hendrickson, both of San Rafael, served as ushers.

The bride, employed at Cal-Marin Title Co., attended San Rafael High School and is past worthy advisor of San Rafael Assembly No. 195, Order of Rainbow for Girls.

Her brother is Richard Waschke of San Rafael; her grandparents are Mr. and Mrs. Joseph Soldavini of Redwood City.

The bridegroom is the son of Mr. and Mrs. O. J. White of San Rafael. He was graduated from San Rafael High School and attended College of Marin. A member of the Order of DeMolay, he is stationed with the U.S. Navy at Pearl Harbor, Hawaii.

A sister, Mrs. Andrew Morando, lives in San Francisco. His grandparents are Margaret Donnelly of San Rafael and the late Mr. and Mrs. Calvin White of White County, Ark.

Mrs. White will make her home in San Rafael while her husband finishes his tour of duty with the Navy.

## THE BETTER HALF — By Bob Barnes

"I'm sorry, madam, but I'm afraid around here we take a rather dim view of woman's intuition."

# Bringing Up Baby®

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

Memo to stork-watchers who are about to see one: remember, the rest you store up in the hospital will stand you in good stead those first few hectic days at home. Once home, however try not to cram 36 hours into 24 until your strength returns. If you tend to baby's needs first, add household chores gradually, your own routine will develop gradually.

•

**Food for thought.** When you and your doctor decide whether your baby will be breast or bottle-fed, ask him about Modilac™. . . the Gerber Baby Formula. It's a special milk formula that really looks and tastes like milk because it's flash-sterilized in 6 seconds to retain natural color and flavor. Containing everything to meet your baby's nutritional needs, it provides nourishment comparable to mother's milk.

•

**Modilac is a complete formula.** No syrup or sugar to measure or mix. No vitamin supplement needed. All you do is pour the amount of Modilac and boiled water your doctor specifies into pre-sterilized bottles.

•

**Bottle business.** You'll read a lot about bottle-feeding . . . how to hold both bottle and baby...length of feeding time, etc. But the two most important things are the love you put into each feeding . . . and permitting baby to stop feeding when he's had enough. The tender cradling of your arms gives baby a feeling of security and the sense that contentment and good food go together. The right to stop when he's had enough is the same right accorded to the breast-fed baby.

•

**Solid step** in the right direction. When your doctor gives you the go-ahead on cereal, you'll find Gerber Cereals make for smooth going on those first tries with solid food. First, the texture is ever so creamy and nice to the tongue. Second, the flavors are pleasantly bland, the way babies prefer them. As for nutrition, all Gerber Cereals are enriched with iron, calcium and B-vitamins. Gerber Baby Foods, Box 72, Fremont, Mich.

## Clench Fists Instead Of Your Jaws

NEW YORK (UPI)—Memo to angry young men:

For teeth's sake, clench your fists instead of your jaws when tension draws you taut as a fiddle string.

Gritting and grinding rocks the choppers, can make a pulp of their sockets, and otherwise discombobulate the mouth.

**SOMETIMES** the damage reaches the point of no return and perfectly good teeth are lost because their foundations have been wrecked.

The plea for more consideration toward teeth in tense moments was made by the president of the American Association of Orthodontists (AAO) during an interview.

Dr. J. A. Salzmann, of New York, said the survival plan for teeth—no rock, no jar—applies to angry young women and children as well as to tension-tortured males.

"This is the age of anxiety and people are taking it out on their teeth," Dr. Salzmann said.

You gum up your dental equipment when you grit and grind either during sleeping or waking hours.

**IF YOU GRIND** your teeth nocturnally, maybe you need an orgal appliance to break the habit. One such appliance is something like the bit stuck in a horse's mouth.

During daylight hours, you have just got to use self-discipline to keep tension from showing in your mouth.

**DR. SALZMANN** and his fellow orthodontists straighten teeth—including those knocked out of line by gritting too much and grinning too little.

"More and more," he said, "adults are making their way to the orthodontist for correction.

"The stigma's been removed. There's nothing shameful about an adult who must wear braces or bands to correct crooked teeth."

The expert said one of the most common conditions corrected among adults is buck teeth.

## President Of Outdoor Art Club Follows In Mother's Footsteps

Mrs. Russell C. Mills of Mill Valley, new president of the Outdoor Art Club in Mill Valley, has the distinction of being the first president in the history of the Club to be a daughter of a past president.

Her mother, Mrs. Melville Erskine, also a mill Valley resident, was president during the 1936-37 Club year. The family has lived for many years in Mill Valley, and Katherine, or Katy as she is known to all her friends, was born in the town whose natural beauties inspired the founding of the Outdoor Art Club.

MRS. MILLS

**SHE AND TWO MORE** members of the new board, first vice president Mrs. Kenyon Spalding and membership chairman Mrs. Walter Long, knew each other at Old Mill elementary school. A third member, civics and conservation chairman Mrs. Alan Kappleman, a retired school teacher, taught not only Mrs. Mills but her two sons.

The new president's special enthusiasm for Mill Valley and the Club's traditions and purposes are therefore understandable.

"How can they be better expressed than by our far sighted founders?" she said. "They are to preserve the natural beauty of Mill Valley and the engage in civic, social and cultural work. More than 60 years later they are even more meaningful."

**MRS. MILLS** has been a member of the Club for 20 years, serving on executive boards as civics and conservation, membership and garden chairman at various times.

She is also a member of the League of Women Voters of Southern Marin, the Rector's Guild of the Episcopal Church of Our Savior, the Marin Conservation League, and the national Audubon Society. She is also one of the earliest members of the Mill Valley Tennis Club.

**HER FAVORITE** activities are hiking, swimming, gardening, and most of all she enjoys vacations in the Sierra.

Her husband is treasurer of the E. D. Bullard Company in Sausalito. They have two sons, Melville Erskine Mills, who is serving with the U.S. Army in Korea and Russell Mills Jr., who is in his second year at the University of California at Santa Barbara.

Other new officers in addition to Mrs. Mills and Mrs. Spalding are Mesdames John Lennon, second vice president; Kenneth Bauder, recording secretary; Peter Behr, corresponding secretary; L. M. Wahlquist, business secretary; and Earl Reinke, treasurer.

**OTHER NEW** committee heads in addition to Mrs. Long and Mrs. Kappelman are Mesdames Persis Stanley, house; Gerhardt von Bonin, rentals; Lawrence Pritchard, publicity; Robert Murphy, grounds; Cecil Brown, ways and means; Gerhard Becker, community service; Michael Leonis, finance; William Mac Lane, cultural arts.

**OUTGOING** president Mrs. Joseph Brewster will be director at large, and members of the advisory committee serving for a three-year term will be Mesdames Alvin P. Baukel and George F. Grant.

# Mill Valley Couple To Fete Gate Theater Cast And Staff

By FLORENCE DONNELLY

Mr. and Mrs. Paul de Moss of Mill Valley will be hosts at a welcome to Marin party Sunday, at their new home in Mill Valley. Guests of honor will be Mr. and Mrs. Jack Aranson of San Francisco and the cast of the Gate Theater in Sausalito currently appearing in "The Deadly Game."

Other guests will be Dr. and Mrs. Earle Marsh., Messrs. and Mesdames Russell Ernst, Robert Haswell, Robert Slattery, John Sunier, R. W. Brewer, Tom Dempsey, George Goldman; the Misses Sally Lacey, La Vonne Bain, Linda Welsh, Maggie MacLeod, Sally Barr, Phyllis Stewart, Martha Wax, Linda Samuelson, Fran McMullen and Missy Camp, and Messrs. Grover Sales, George Ede, Henri Lysen, John Gerrity and Kevin O'Sullivan.

Trudy Hamm, daughter of the Jim Hamms of Belvedere, continued the Easter custom of entertaining guests at a week of skiing at Squaw Valley. Enjoying the trek to the mountains with Trudy were Tracy Cameron, Jan Hamilton, Patty Harder, Gretchen Hayden, Mimi LaPlace, Doris Nelson, Abbe O'Mahoney, Cathy Reiger, Alison Reynolds, Carmen Schleiger, Susan Strawbridge, Melinda Wallace, Leslie Whitelaw, and Challen Williams. Chaperoning the group were Mrs. Hamm and Mrs. Ken Bailey. They were assisted by Jim Hamm, who provided transportation.

**MRS. HAROLD SCHUTTE** will entertain at a luncheon at her Ross home tomorrow. Guests will be Mesdames Peter Giovanzana, Alfred Bacigalupi, Egizio Lenci of San Francisco; Mrs. Leo Huber of Oakland; Mesdames Arthur Sauter, Le Roi Dowdell, Louis Churchill and Eugene Callaghan of Marin. The group will attend the table decor show at the Marin Art and Garden Center sponsored by Northgate Group

**TWO KENT WOODLANDS COUPLES**, Dr. and Mrs. Howard Haswell and Dr. and Mrs. Sherman Beers, have returned from two weeks vacation in Hawaii. With the Haswells was their son Howard, 9. Before their departure, Mrs. Alfred Kuehl entertained at a bon voyage luncheon for her neighbors, Ruth Beers and Mrs. Haswell.

**THE SPECTACULAR BIRTHDAY** party recently given for Walter F. Dillingham in Honolulu is described by Mr. and Mrs. Lyman McBride of Sleepy Hollow who were present at the testimonial banquet. Most of the details for the celebration of the 88th birthday of Hawaii's leading businessman were made by Storss Smith, executive of Aloha Boy Scout Council in Hawaii, formerly executive of Marin Boy Scout Council, and his wife. The Smiths are former residents of Sleepy Hollow. Also at the event was another former Marinite, Mrs. Betty Dickson Denker, daughter of Fred Dickson, San Quentin Prison Warden and Mrs. Dickson.

Mrs. Smith was invitations chairman and Mrs. Denker, party coordinator. Mr. Dillingham, a businessman for 65 years, has been active in Boy Scout work since 1921. He had previously received the national award of Silver Buffalo and as the Boy Scouts had run out of awards and titles for the famed businessman Aloha Council simply hailed him a "Good Scout" at the banquet at the Royal Hawaiian attended by more than 500 people. It was indicative of the wide range of Mr. Dillingham's acquaintances that among the famous people attending were two tables of guests, longshoremen who have worked for Dillingham's waterfront interests through the years.

# HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

## X-Ray Of Artery Is Great Help For Doctors In Treating Strokes

VAN DELLEN

A middle-aged carpenter had several spells in which he became dizzy and passed out. His wife witnessed one of these episodes and said it resembled a faint and lasted less than three minutes. There were no twitches or convulsive movements of the muscles of the arms, legs, or face.

The man could not carry on his work because he was afraid of hurting himself and others. What caused his blackouts? Many X-rays and other tests ruled out epilepsy and brain tumor. The clue came when the physician heard a buzzing sound as he put the stethoscope over the carotid artery in the man's neck. Blood makes this type of humming noise when it passes through a narrowed segment of the artery.

**A SPECIAL** solution was injected into this artery while X-rays were taken. The resulting films demonstrated the partial obstruction, and surgery was suggested. The narrowed part was bridged with a small plastic blood vessel and normal circulation to the brain was restored. He is well and works every day.

Brain cells are extremely sensitive to any disturbance in circulation. Fifty per cent of all strokes are caused by a complete obstruction in one or more arteries that carry blood to the brain. Many of these vessels are inaccessible to the surgeon. The location of those that are accessible is demonstrated by feeling for certain pulsations, listening for humming sounds in the neck, and utilizing special eye tests.

**THERE IS NO** need for X-rays of the arteries when surgery is not required. On the other hand, operation may be advised when the obstruction is found in the neck or chest. But, to be helpful, it must be done at the beginning of the stroke. The purpose of the X-rays is to locate the plugged segment.

Brain hemorrhage in a person with high blood pressure also causes stroke, but the outlook is not as good as in an obstructed carotid artery and surgery seldom is recommended. The exception is when a small dilated artery (aneurysm) starts bleeding. Here surgical treatment may be life-saving.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

**NOSE BUBBLES**

M. D. writes: What would cause a bubbly nose in a child after taking her bottle? The discharge is milky in color.

REPLY

The milk may regurgitate through the nose, especially when the child nurses vigorously and receives more milk at one time than can be swallowed. This youngster deserves an examination, however, because of the outside chance that a cleft palate exists.

**MANY CAUSES OF JAUNDICE**

R. P. writes: Is a person immune to hepatitis if he has had jaundice?

REPLY

One attack of viral hepatitis will confer immunity to this disease but there are many causes of jaundice. Send stamped, self-addressed envelope for leaflet on jaundice.

**MEDICINE vs. DIET**

A. H. writes: Do you agree with the statement made by a specialist in arthritis that gout victims can eat anything so long as they take their medicine?

REPLY

Yes, but there is no need to go overboard.

**DON'T NEGLECT TREATMENT**

H. G. writes: Should all forms of insanity be attended to immediately?

REPLY

Yes. The longer the abnormality is allowed to continue, the more difficult it may be to treat.

# Here's Profile Of Birth Control Senator

**(EDITOR'S NOTE: The volume of mail to California legislators rose sharply recently when a little-known senator proposed a state program of birth control. The man behind the furor is sketched in the following profile.)**

By RONALD I. DEUTSCH

SACRAMENTO (AP) — Soft-spoken Alvin C. Weingand strikes you as the last man in the California Senate to stir up a fuss about anything like birth control.

When Gov. Edmund G. Brown heard that the Santa Barbara Democrat had proposed a program of state-administered birth control, he is reported to have exclaimed:

"Oh, no, but Al wouldn't do that to me. He's my friend."

Friend or not, the 58-year-old Weingand, a Lutheran, went ahead and introduced his controversial resolution. It probably won't get anywhere but, he says:

"It's of secondary concern to me that birth control is considered political dynamite.

**"I'm convinced the poverty-stricken need help in this area. I'm also convinced it's a myth that the subject is politically taboo."**

The graying, dark-haired senator, a hotelman who won a special election to the legislature 14 months ago, is known for his quiet demeanor, polite manner and sense of humor.

"Why," he told his colleagues one day, "one lady had the audacity to write that she wishes my birth control program had been in effect 59 years ago."

**Weingand himself was born in North Platte, Neb. He once wanted to be a minister. A Republican like his father, he switched parties during depression days after his graduation from the University of California at Berkeley.**

Away from the Capitol, Weingand runs the swank San Ysidro Ranch, a resort just outside Santa Barbara where young Sen. John F. Kennedy honeymooned with the future First Lady 10 years ago.

It was there, too, that the former Vice President Richard M. Nixon decided to run for Congress—not, says Weingand, with his blessing.

**Long active in civic affairs, Weingand decided to enter public life during World War II while serving in the South Pacific. He was an officer in the Navy and not at all sure he would return alive.**

Always ready with a quip, he recently broke up a Senate committee hearing with this line:

"This bill has absolutely no support from anybody I know of—except myself."

**Weingand calls himself a liberal but adds that he's a practical one. He says he'll run again next year in his barely Republican county. He has a reputation as a tireless campaigner and regularly meets with community leaders from his district.**

As a lawmaker, Weingand admits that his favorite description of the job isn't his.

"You might say I'm here to comfort the afflicted and to afflict the comfortable," he says.

Comfortable himself, Weingand has no political aspirations other than to remain a senator.

Once, while he was on a tour, an annoyed woman spectator told his aide:

**"Please tell the senator that senators shouldn't wear pink slacks."**

Today, almost too polite to be a politician, Weingand is an enigma as he strolls about the austere Senate chamber. Tastefully but rarely overdressed, he'll show up occasionally in a bright, red vest.

"The others dress like undertakers," he explains.

**POLITE POLITICIAN**—Sen. Alvin C. Weingand (D-Santa Barbara) displays a photo of President John F. Kennedy and the first lady in his office at the state Capitol. The picture was taken 10 years ago when the Kennedys honeymooned at Weingand's San Ysidro ranch. (AP Wirephoto)

## 'Anti-Cancer' Drug Information Sought

WASHINGTON (UPI)—Backers of the "anti-cancer" drug Krebiozen, refuse to give federal officials information needed to evaluate the product, according to a congressional report released today.

**But a Department of Health, Education, and Welfare study has been started, HEW Secretary Anthony J. Celebrezze said, "and I am hopeful that we can bring this to a conclusion one way or the other" as soon as the necessary analysis can be made.**

Celebrezze made the accusation against Krebiozen sponsors in testimony Feb. 19 before a house Appropriations subcommittee considering HEW's proposed 5.8-billion-dollar budget for the fiscal year beginning July 1. An edited report of the closed-door hearing was released today.

Under new regulations, the Food and Drug Administration must pass on the drug's qualities, Celebrezze explained.

"One of the main difficulties has been the utter lack of cooperation" from Dr. Andrew Ivy, former head of the University of Illinois Medical School and one of the secret Drug's main supporters. And. "Dr. Derevick" (an apparent reference to the discoverer, Stevan Durovic), the secretary said.

"They have refused to give the department the necessary information upon which we could make an evaluation."

**Celebrezze cited a report from Ivy and Durovic in September, 1961, intended as a basis for clinical tests by the National Cancer Institute (NCI). The institute found the report inadequate and asked for adidtional information on the nature of Krebiozen and on the approximately 4,000 patients treated with the drug over a 12-year test period.**

The Krebiozen Research Foundation did not supply the information, Celebrezze said, but instead suggested that the government help assemble the facts.

**"There has been absolutely a lack of cooperation," he said. "It was not until we passed the new drug regulations last year that we had the power to get the necessary information, even though we have to go out sometimes, and do it the difficult way, by ferreting it out ourselves."**

Controversy has surrounded the drug ever since Ivy's 1951 announcement of its discovery by Durovic. Ingredients of the compound never have been revealed and NCI has complained Ivy and Durovic would not submit it to the regular test developed for all new cancer drugs.

Ivy has claimed some cancer patients treated with Krebiozen apparently were freed of the disease for long periods of time, and that pain was eased among others. But NCI has reported it could find no proof of this.

## League Of Women Voters Meeting

SACRAMENTO (AP) — The California League of Women Voters opened a three-day convention today with debate scheduled on whether state legislators should get a pay raise, and whether there should be annual general sessions of the legislature.

About 300 delegates from 68 local leagues are expected for the 40th annual session which will end Thursday with adoption of a new two-year program and election of officers.

# IN THE PEOPLE'S CAPITALISM

A few years ago a representative group of Americans gathered at a university round table to discuss our economy, and named it "people's capitalism."

Reaction from the Communists was instant. They were appalled. They scorned the idea. They called it "impossible as fried ice." They mobilized their professors who wrote papers proving to their complete satisfaction there could be no such thing as "people's capitalism."

The fact is that much of the capital that runs America comes from the millions of people who make up America. It flows into our economy through their savings accounts, pension funds, stock and bond purchases, life insurance premiums. And through the $45 billion worth of U. S. Savings Bonds held by tens of millions of Americans.

This stake the American people have in their country is evidence of our abiding faith in our way of life and our determination to keep our freedoms intact. And to help mankind all over the world in its fight against slavery and oppression.

Are you in the fight? Show that you are by buying Savings Bonds at your bank or through Payroll Savings where you work. And see if you don't feel pretty good about it.

NOTICE IS HEREBY GIVEN that all owners of real property liable to be assessed to pay the costs and expenses of the acquisitions described in Resolution of Intention No. 7527B adopted by the Board of Supervisors of the County of Marin on March 5, 1963, are hereby notified that on April 9, 1963, the assessment and diagram to pay the costs and expenses of said acquisitions was recorded in my office.

Said assessments are due and payable immediately at the office of the County Treasurer and Tax Collector, Marin County Civic Center, San Rafael, California, and must be paid within the period expiring April 19, 1963.

In the event of the failure to pay before the expiration of said period, serial bonds to represent the unpaid assessments and bearing interest at the rate of not to exceed six per cent (6%) per annum, will be issued pursuant to the Improvement Act of 1911, and the last installment of such bonds shall mature fourteen (14) years from the second day of January next succeeding the next September 1st following their date. Said bonds shall be made payable to bearer and provide a premium of five per cent (5%) of the unpaid principal thereof on call.

/s/ DONALD R. FROST
County Surveyor,
County of Marin

# PROPERTY OWNERS' BILL of RIGHTS

In 1789, the people of America were fearful that Government might restrict their freedom. The first Congress of the United States, in that year, proposed a Bill of Rights:

The Bill of Rights, essentially, tells the Government what it cannot do. The statements comprise the first ten amendments to the United States Constitution.

The Bill of Rights has had a profound impact upon the history of the World.

Forty million Immigrants gave up everything to come to this new land, seeking something promised here — and only here. Many countries have abundant natural resources, vast vacant lands and climate as good as America.

They came here for the promise of security — the promise of freedom — for the precious right to live as free men with equal opportunity for all.

In July of 1868, a new guarantee of freedom was ratified. Freedom for the slave race was its purpose. But its guarantees were for the equal protection of all.

This new guarantee of freedom is the 14th Amendment. It reads, in part, as follows:

"No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any state deprive any person of life, liberty or property, without due process of law; nor deny to any person within its jurisdiction, the equal protection of the laws."

The vital importance of these federal laws was emphasized in a recent statement of the Chief Justice, United States Supreme Court, in which he urged the retention of "Government of laws in preference to a Government of men."

Today, the rights and freedoms of the individual American property owner are being eroded. A renewed Bill of Rights to protect the American property owner is needed.

It is self-evident that the erosion of these special freedoms may destroy the free enterprising individual American.

It is our solemn belief that the individual American property owner must be allowed, under law, to retain:

1. The right of privacy.
2. The right to choose his own friends.
3. The right to own and operate property according to his own dictates.
4. The right to occupy, administer and dispose of property without legal interference in accordance with the dictates of his conscience.
5. The right to equal rights of all in the enjoyment of property without interference by any laws giving special privilege to any group or groups.
6. The right to maintain congenial surroundings for tenants.
7. The right to contract with a real estate broker or other legal representative of his choice and to authorize him to act for him according to his instructions.
8. The right to determine the acceptability and desirability of any prospective buyer of his property.
9. The right of all Americans to choose congenial tenants in any properties they own — to maintain the stability and security of their income. These property owners should not be obligated to require their tenants to accept each other indiscriminately.
10. The right to enjoy the freedom to embrace, reject, deal or not deal with others.

Loss of these rights diminishes personal liberty and creates a springboard for further erosion of Liberty.

## Conservation Unit Bid Let

SACRAMENTO (AP) — The Public Works Department yesterday finally awarded a 5.57-million-dollar contract for general work on the new Sierra Branch Conservation Center near Sonora The whole project will cost 9.26 million dollars.

The contract went to low bidder Robert E. McKee General Contractors, Inc.

Previously, the department awrded the contract to L. E. Dixon Co. of San Gabriel on a bid of 5.28 million dollars.

However, the firm wrote the department that the bid was in error and refused to accept any contract based on it

Tangier Island, located off the coast of Virginia, is so isolated that some of the 1,100 inhabitants preserve Elizabethan traces in their speech.

## Subdivision Abuse Study

A discussion session of the Marin County Planning Commission yesterday resulted in instruction that the staff produce a list of abuses which might be curbed by a proposed ordinance on minor subdivisions.

Commissioner H. C. Hankins said "there are too many laws on the books now and this may only make more bother," but Chairman William Upton countered that the proposal is meant to fill in a legal gap allowing unsupervised lot splits which may add up to considerable territories lacking utilities and roads.

Planning Director B. D. Dobbs said he could prepare a list of specific examples.

## Chamber Meet Called On Account Of Game

It's out to the old ball game today for many members of the Sausalito Chamber of Commerce and, therefore, according to Victor E. Hecht, executive-secretary, the regular meeting will be held tomorrow. The chamber meets at noon at Zack's-by-the-Bay.

Normally the directors meet on the third Tuesday of each month.

## Due At Dog Show

Messer's Tiny Tim Traveler, champion Pomeranian owned by Gladys M. and William D. Lund of 100 Iolanthus Avenue, Novato, will be entered in the Northern California Pomeranian Club Dog Show Sunday at Sigmund Stern Grove in San Francisco.

## Redwood Bank Cashier Named

Wilmer J. Waksvik has been appointed cashier of the Redwood National Bank in San Rafael, it was announced today by Byron W. Leydecker, president.

Waksvik has been a bank examiner with Northwest Bancorporation in Minneapolis, Minn., since 1955. He is a graduate in business administration from University of Minnesota.

Leydecker said the appointment was made necessary by the bank's rapid growth since its opening in January and to relieve Dale E. Walter, senior vice president, of cashier's duties. Walter will devote his full time to loans and business development.

## Teen Club To Meet

The first public meeting of the newly formed Teen-age Republican Club of Novato will be held at 8 p.m. Thursday at the home of Mrs. Robert Willey at 1365 Denlyn Street. A temporary chairman will be elected and a committee will be appointed to draw up by-laws and a constitution.

## Lecture On Pyramid

A public lecture on the Great Pyramid of Cheops in Egypt will be given by Durward W. Fairfield, a retired marine engineer, at 8 p.m. Thursday at Oak Manor School, Fairfax, sponsored by Understanding, Inc.

6. 3:30 p.m.; case presentations and panel discussion led by Dr. Charles Keyes, former president of the Marin Academy of General Practice.

## California, Chile Study Stimulated By Similarities

Similarities between California and Chile with their long coasts, inland deserts, similar winds and Humboldt current influences have stimulated a proposed "foreign aid" program between the two.

This program will be discussed by Daniel Luevano, chief deputy director, state department of finance, at 8 p.m. tomorrow in the Sausalito city hall.

The fields of rural and water development, education and transportation are now being discussed between the United States and Chile, according to Loren L. Jay, chairman of the Sausalito people-to-people program. Jay, who said the meeting is open to everyone, adds that private activities such as the Sausalito sister city program are encouraged to take part.

## Lucky Drive Gate Equipment Arrives

More than $1,200 in new equipment for electrical operation of the Lucky Drive gate that controls most of Corte Madera's drainage, including Lagoon 2, has been received and will be installed in a few days, Town Mgr. Arthur H. Brandow reported today.

The new equipment consists of Power-operated gate lifts costing $845.47 and an electric wrench at $395.

Mayor Edward W. Colthurst has asked Brandow for cost estimates on dredging Lagoon 2, which residents complained last January had attracted mosquitos and rats when the water level became low.

## Two Win Pups At Shop Center

An 8-year-old Belvedere girl and a San Rafael housewife were winners of "Monte" and "Cito," poodle pups given away Saturday by the Montecito Shopping Center.

Francine Schwartz, daughter of Dr. and Mrs. Marvin Schwartz of 67 Mercury Avenue, Belvedere, and Mrs. Vernon Ouellette of 16 Vineyard Drive, San Rafael, were the winners.

A total of 1,429 signed the register for the drawing at stores in the center.

## Honors In German

Mark Ensign Cory III, son of Col. and Mrs. Mark E. Cory of 7 Robertson Terrace in Mill Valley, was cited for outstanding achievement in senior German classes at Dartmouth College in Hanover, N.H., this past term. The citation praised Cory for "the graduate level quality of his work and literary understanding."

## Garden Talk

C. (Corky) Meyers of Marcor's in Belvedere will speak on "Photography in the Garden" and show color slides at a meeting of the Redwood Shade Garden Club at 6:45 p.m. Friday at Whitaker Hall of St. Stephen's Episcopal Church, Belvedere. Dinner will be served. Reservations may be made through Mrs. Vernon McGee.

Licensing of California commercial fishermen began in 1887 and the money was used to develop salmon hatcheries.

# Auditions Are Scheduled June 13 For Marin Youth Orchestra Soloists

Auditions for soloists with the Marin Youth Orchestra for the 1963-64 season will be held June 13, according to Mrs. Edward C. Sargent, youth orchestra division chairman for the Symphony Guild of Marin.

Auditions will begin at 4 p.m. in Olney Hall, College of Marin, Kentfield.

Contestants must be residents of Marin County attending school through high school grades. They must provide their own accompanist, where needed.

Judges will be Mrs. John Lesoine, Independent-Journal music critic Maybelle Speckmann, and Hugo Rinaldi, conductor of the youth orchestra.

Further information may be obtained from Mrs. Sargent, who lives at 24 Cabrillo Court, San Rafael.

Independent Research Verifies Effectiveness of World's Largest-selling Toothpaste:

Newest Clinical Test Confirms

Colgate a Leader in Reducing New Cavities!

Read what happened when Colgate with Gardol was clinically tested against the most widely accepted fluoride dentifrice

COLGATE'S ROLE IN NEW TEST FOR CAVITY REDUCTION

In October, 1960, a group of independent dental investigators set out to determine the value of Colgate's Gardol formula in reducing new cavities in the 7 to 17 year age group—the age when teeth are most vulnerable to decay. To make the test the most critical possible, the researchers chose to measure Colgate with its ingredient, *Sodium N-Lauroyl Sarcosinate* (Gardol), against the leading stannous fluoride toothpaste, which had previously shown effectiveness in cavity reduction. Hundreds of dental patients in the most cavity-prone age group were selected from the student body of a large school in the Southeastern United States. These students were then divided into groups and instructed to use exactly the same dentist-recommended brushing method. For the next two years, one group was to brush only with Colgate's exclusive Gardol formula. Another group only with the leading stannous fluoride toothpaste.

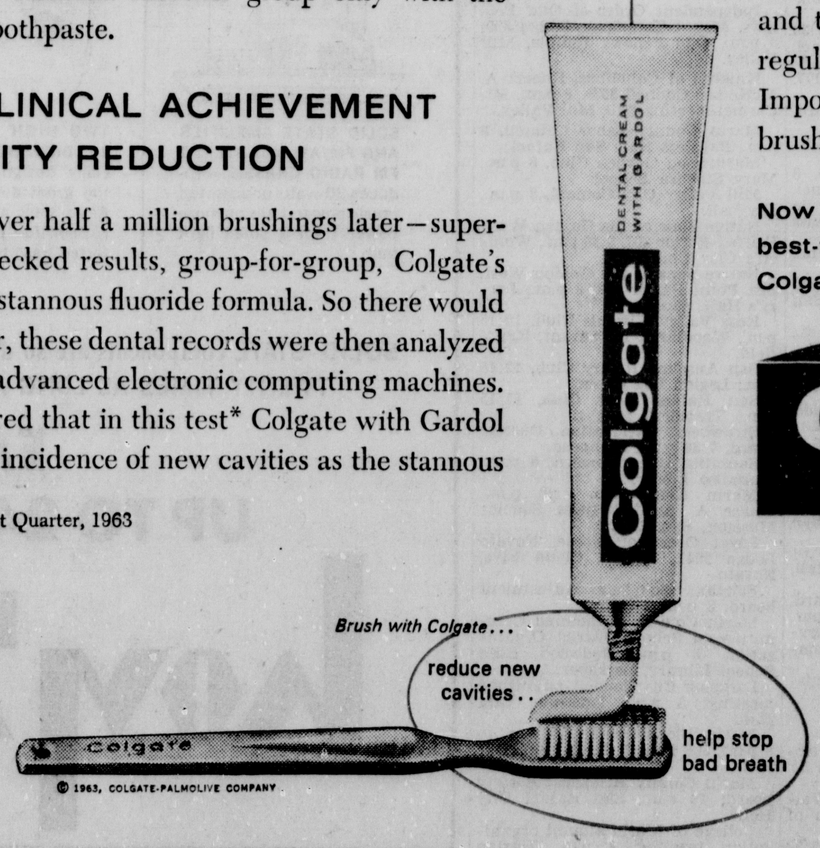
COLGATE'S CLINICAL ACHIEVEMENT IN CAVITY REDUCTION

At the end of two years—over half a million brushings later—supervising dentists carefully checked results, group-for-group, Colgate's Gardol formula against the stannous fluoride formula. So there would be no chance of human error, these dental records were then analyzed and compared by the most advanced electronic computing machines. Statistically, it was discovered that in this test* Colgate with Gardol had achieved the same low incidence of new cavities as the stannous fluoride formula. When you consider that the study was conducted among the most cavity-prone of all age groups, results achieved by the group brushing with Colgate are even more significant. This study—one of many planned to acquaint you and your dentist with the Colgate-Palmolive Company's continuing interest in dental hygiene—shows what today's Colgate Dental Cream can do in reducing tooth decay. Its results are wonderful assurance that even the youngest family member can brush with Colgate . . . in the complete program of oral hygiene dentists recommend.

*Journal of Dentistry for Children*, First Quarter, 1963

YOUR DENTIST'S ROLE IN CAVITY REDUCTION

In announcing the results of this study, the makers of Colgate Dental Cream emphasize their agreement with leading dental authorities that no toothpaste—fluoride or non-fluoride—can substitute for care and treatment of teeth by your family dentist. Seeing your dentist regularly is *the most important part* of any dental-health program. Important, too, is his advice on diet, as well as *how* to brush, *when* to brush, and *how often* to brush.



Now you can be a "one-toothpaste family" again with best-tasting Colgate . . . confident Colgate's Gardol formula is clinically tested!
